

## WHERE TO GO FOR ADULT HEPATITIS VACCINATION IN SAN FRANCISCO

The best place to be vaccinated is at your doctor's office because you can get the shots in the context of all of your health needs. Many health plans will pay for hepatitis A and B vaccines for adults at high-risk. If you do not have insurance, if your insurance does not cover vaccination, or if you do not want to go to your regular physician for your hepatitis vaccination, the following organizations provide vaccination against hepatitis A and B, often at reduced price or a sliding scale. Please check directly with the clinic for up-to-date information.

Provider	Location	Clinic Schedule	*Cost Per Injection	Eligibility	Phone	Website
