Screening Questions and Information for Non-Personnel:
If your answer is YES to any question, do NOT enter the location.

- Stay at home, except to get tested or get needed medical care.
- Follow the steps mandated by Health Directive 2020-02/03 and explained at: sfcdc.org/isolationandquarantine

**Question #1: In the last 24 hours, including today, have you had ANY of the symptoms below, that is new or not explained by another condition?**

- Fever (100.4°F/38°C or greater), chills, shivering
- Cough
- Sore throat
- Shortness of breath, difficulty breathing
- Headache
- Feeling unusually weak or fatigued*
- Loss of taste or smell
- Muscle or body aches*
- Runny or congested nose*
- Nausea or vomiting

*Children and youth under 18 years old do not need to be screened for these symptoms

**Question #2: In the past 10 days, have you been diagnosed with COVID-19 or had a test confirming you have the virus?**

**Question #3: In the past 10-14 days, have you had “close contact” with anyone who has COVID-19, during their contagious period?**

If you have recovered from COVID-19 in the last three months, speak to your healthcare provider.

**Quick overview of what to do and the earliest you may enter a location, if you had:**

<table>
<thead>
<tr>
<th>Symptoms WITHOUT a COVID-19 test (answered YES to Question 1)</th>
<th>GET TESTED. Without a test, the location must treat you as being positive for COVID-19 and require you to stay out for at least 10 calendar days.</th>
</tr>
</thead>
</table>
| A positive COVID-19 test WITH symptoms (answered YES to Question 2) | You can return to the location:  
  - 10 days after first onset of symptoms, AND  
  - You have improvement of symptoms, AND  
  - You have had no fever for over 24 hours without taking fever-reducing medicine |
| A positive COVID-19 test WITHOUT symptoms (answered YES to Question 2) | You can return to the location 10 days after the day your COVID-19 test was collected as long as you have no symptoms |
| “Close contact” with anyone with COVID-19 during their contagious period (answered YES to Question 3) | GET TESTED, ideally 6 days or more after your last contact with the person with COVID-19. You can return to the location 10 days after your last close contact with the person with COVID-19 UNLESS:  
  - Your COVID-19 test is positive (see boxes above for positive COVID-19 test) OR  
  - You develop symptoms (GET TESTED if you develop symptoms) |

“Close contact” means having any of following interactions with someone with COVID-19 while they were contagious (they are contagious 48 hours before their symptoms began until at least 10 days after the start of symptoms). If the person with COVID-19 never had symptoms, they are contagious 48 hours before their COVID-19 test was collected until 10 days after they were tested.

- Within 6 feet of them for a total of 15 minutes or more in a 24-hour period
- Having direct contact with their bodily fluids (coughed or sneezed on you or shared food utensils)
- Living or staying overnight with them
- Having physical or intimate contact including hugging and kissing
- Taking care of them, or having them take care of you

Your health is important! To report a violation of San Francisco COVID-19 health orders and directives (www.sfdph.org/healthorders), including not screening visitors, letting sick visitors enter a location, not social distancing or not requiring facemasks, call: 311 or 415-701-2311 (English) or 415-701-2322 (Español, 中文, TTY). You can request for your identity to remain confidential.
