This handout is for screening clients, visitors and other non-personnel before letting them enter a location or business. SFDPH discourages anyone from denying core essential services (such as food, medicine, shelter, or social services) to those who answer “yes” to any of the questions below and encourages people to find alternative means to meet clients’ needs that would not require them to enter the location. Health Officer Directives may provide additional requirements regarding screening in a specific context. This form, a screening form for personnel, and additional guidance on screening are available at www.sfcdcp.org/screen.

PART 1 – Please answer the following questions before entering this location.
