

## San Francisco Department of Public Health

### Approved Companies Offering COVID-19 Digital Vaccine Cards

**Last updated September 10, 2021**

Valid forms of vaccination proof include a valid photo ID and:

- Original, copy or electronic photo of the CDC vaccination card (or similar documentation issued by another foreign governmental jurisdiction); or
- documentation from a healthcare provider; or
- personal digital COVID-19 vaccine record issued by the State of California available by going to <https://myvaccinerecord.cdph.ca.gov>; or
- personal digital COVID-19 vaccine record issued by another State, local, or foreign governmental jurisdiction; or
- personal digital COVID-19 vaccine record issued by an approved private company.

The following companies provide digital vaccine cards approved for use by San Francisco businesses:

- [Bindle](#) (businesses using this must also check against a photo ID)
- [CLEAR HealthPass](#)
- [CommonPass](#) (businesses using this must also check against a photo ID)
- [VaxYes](#) (using their level 2 verification)
- [UCHealth -Colorado](#) (businesses using this must also check against a photo ID)
- UCSF [MyChart](#) (businesses using this must also check against a photo ID)

If you would like to have another third-party vaccine verification application listed here, please submit a request to [healthplan@sfcityatty.org](mailto:healthplan@sfcityatty.org).

Your request should address how vaccine records are verified, how the app verifies the identity of the vaccine recipient, and how consumer privacy is maintained. Additionally, please outline how accessibility is achieved including the cost of access for an individual submitting their vaccine record, availability in multiple language and on what platforms the app is available (Android, iOS etc.)
