Important Notes about the KET…

1) When a key event occurs, fill out the relevant sections ONLY. Leave the rest blank.

2) You can record multiple events on the same KET if:

   A. They happen in the same month

   B. The events that you are reporting are all different types of events, occurring in different domains of the KET

   I. Example: Key events occurs on:

   1. 4/1/2011: Volunteer: Pet hospital
   2. 4/13/2011: PSC Change
   3. 4/25/2011: Hospital: SA

      —> Three events occurring in the same month BUT in different domains of the KET

   C. When two key events occur in the same domain you have to record the second event on a NEW KET because the KET only allows for one event to be reported in each domain.

   I. Example: Key events occurs on:

   1. 4/12/2011: Arrested
   2. 4/13/2011: Jail
   3. 4/15/2011: Released from jail to shelter/homeless
   4. 4/16/2011: Probation

      —> Four events occur in the same month BUT two of them-jail and shelter/homeless– are in the same domain of the KET

      —> You can report three of the events-arrest, jail, and probation– in the SAME KET

      —> However, reporting the release from jail to shelter/homeless must be reported on a NEW KET because both jail and shelter/homeless are in the residential domain.
Everything you ever needed to know about the “KET”, Part I

Useful features in the DCR...

View/ Update Current KET Status Screen...

This screen will show you the current status of your partner based on the most recent values entered on the PAF and KET. This screen can be found on the Active Partners page, when displaying the assessments for a partner. It is located in the Key Event Tracking portion of the page (please see image above).

30 Day Key Event Notification (s)...

Lists all partners who have been in a “transitory” residential setting such as shelter, hospital, homeless or jail for more than 30 days. It serves as a reminder to do a KET when they are no longer in that setting. For example, a new KET would be needed to indicate that a partner has been released from jail or discharged from a psychiatric hospital. This list can be sorted (ascending or descending) by clicking on any of the column headers.

Please contact Ann if you have a question or an idea for a DCR Bulletin item! Thanks.
