Included Diagnoses for Outpatient Specialty Mental Health Services (from DHCS)
Updated April 2016

Handout:

This handout contains the current list of Outpatient Included Diagnoses for Specialty Mental Health Services (SMHS), which is published by DHCS. **This list was updated in April 2016 and replaces any prior versions.**

- **Important Changes from Prior DHCS List:** The current document (published in April 2016) has important updates from the prior DHCS document (published in July 2015):
 - Providers have access to “**No Diagnosis**”: the ICD-10 code is **Z03.89** (in the past, was V71.09);
 - Providers have access to “**Diagnosis Deferred**”: the ICD-10 code is **R63** (in the past, was 799.90)
- **Format:** The list of included diagnoses is presented as a table.
 - **Left- vs. Right-Side Columns:** the left-side of the table shows you the ICD-9/DSM-IV format; the right-side shows the current ICD-10/DSM-5 diagnosis.

Background:

1. To support providers in the transition from ICD-9 to ICD-10, DHCS published an Information Notice with a crosswalk for Outpatient SMHS in July 2015 (#15-030)—this list was updated in April 2016 (#16-016):

You can access the current (FY15-16) DHCS Information Notices at:

http://www.dhcs.ca.gov/formsandpubs/Pages/Information_Notices_2016.aspx

2. Reminder—Information Notice #16-016 has several attachments (called Enclosures)—Enclosure #3 is the list of Outpatient Diagnoses.

In order to bill for Outpatient SMHS, the client's primary diagnosis must appear in this table.
