

funded organizations, ongoing community input, new data and evidence, etc.) that will inform potential changes to its second year budget recommendations. For example, this year the Committee is making recommendations for expenditures in FY 19-20 and FY 20-21. The Committee will re-evaluate its FY 20-21 recommendations at the end of 2019 and may make changes, if deemed appropriate, for its final FY 20-21 recommendations in early 2020.

The Sugary Drinks Distributor Tax Advisory Committee voted on February 20, 2019 to make the funding recommendations for FY 19-20 and FY 20-21 as described in the recommendations section.

Given the Committee's legislative mandate to evaluate the impact of the SDDT and Mayor London Breed's commitment to accountability ("Make every dollar count") of public dollars, the Committee recommends that revenue generated from the SDDT be indicated in such a way that City Departments know that they have received funding that was generated from SDDT revenue. Such notation makes it possible for the committee to fulfill its legislative mandate with respect to documenting the impact the SDDT is having in San Francisco.

## **Data and Evidence Subcommittee**

The mission of the Data and Evidence Subcommittee is to review, analyze and share research within the context of our San Francisco communities to help inform and support the work of the Sugary Drinks Distributor Tax Advisory Committee.

The duties of the subcommittee are to:

- Collect and review research and data that would be helpful to the work of the committee;
- Help inform and support efforts to analyze the impact of the SDDT on sugary drink pricing, public health, and consumer purchasing behavior; and
- Help inform efforts to evaluate programs and work funded by SDDT.

The following members of the Committee were active members of the Data and Evidence Subcommittee during the development of this report:

<b>Jonathan Butler</b>	Seat 5: research/medical institution; Data and Evidence Subcommittee Chair
<b>Joi Jackson-Morgan</b>	Seat 3: Health equity Black/African American; SDDTAC Co-Chair
<b>Roberto Vargas</b>	Seat 4: research/medical institution; SDDTAC Co-Chair

*\*Special meetings to prepare for extra Committee meetings*

Meetings are approximately 2 hours long and agenda items included: (1) developing the subcommittee’s mission and duties; (2) creating a work plan that identifies subcommittee tasks in alignment with the goals of the Committee; (3) reviewing and discussing data collected by DPH; (4) reviewing and discussing DPH’s focus group report; (5) reviewing the Committee’s evaluation plans, needs, and funding; (6) presenting research on health

disparities and factors that contribute to health disparities; and (7) presenting FY19/20 and FY20/21 recommendations for strategic investments that are evidence-based and data-driven to the SDDTAC.

Additionally, select subcommittee members have: (1) hosted SFUSD student forum to develop and share student-designed strategies to be funded by the SDDT; (2) contacted Bay Area academic researchers to review the subcommittee's synthesis of data driven and evidence-based interventions and strategies to be considered by the full Committee; and (3) Invited speakers to present on relevant research to the Committee.

## **FUTURE CONSIDERATIONS FOR DATA AND EVIDENCE**

The Data and Evidence Subcommittee recommends that the DPH data section of the annual report be prepared by each fall for the Data and Evidence Subcommittee to review and provide input that may inform the full Committee's recommendations.

The Data and Evidence Subcommittee remains committed to helping inform the SDDTAC recommendations with objectiveness and dedication to evidence-based scientific information in the context of community through the remaining time of the SDDTAC on behalf of all the residents of the City and County of San Francisco.

## **Community Input Subcommittee**

The mission of the Community Input Subcommittee is to ensure that meaningful community engagement opportunities are fully integrated throughout the work of the SDDTAC, so that impacted populations can inform the decisions of the full committee. This subcommittee recognizes the disproportionate health burdens felt by communities of color and low-income communities and the need to have members of these communities actively participate in shaping funding recommendations for strategies, approaches and services that contribute to decreasing the consumption of sugary drinks for those most impacted, as well as all San Franciscans. This subcommittee also recognizes the necessity for the Committee to create mechanisms by which information about the recommendation process and the implementation of the SDDT can be communicated to members of the public, including disproportionately impacted communities. With this as our guiding perspective, the Community Input Subcommittee worked in partnership with the Department of Public Health (DPH), who provided backbone staffing for the Committee, to support and give feedback related to community engagement and outreach efforts.
