** Times provided for agenda items are estimates

Order of Business:

1. Call to Order / Roll Call – 5 minutes - Meeting called to order at: 5:07PM

   Present: Jonathan Butler, Michelle Kim, Vanessa Bohm, Larry McClendon, Lauren Heumann, John Maa, Linda Barnard, Saeeda Hafiz, Joi Jackson-Morgan, Roberto Vargas, Derik Aoki,

   Absent: Irene Hilton, (excused), Rita Nguyen, Janna Cordeiro

   Moment of Silence for Irene’s mother.

2. Check In – COVID 19 Responses [Discussion and Possible Action] – 20 minutes

   Linda – RPD continues to provide childcare for children of essential workers and disaster service workers, there are 8 community hubs focused on Southeast side and support to housing sites.

   Joi – shout out to Larry and the BVHP taskforce for advocating on many areas such as food, housing services, basic sanitation, access to water, and Wi-Fi for students. Candlestick Point State Park now has access to water, great to see progression in the neighborhood.

   Jonathan – Shout out to Larry for all of his great work to support COVID response. Larry has been working to support the SF Black/African American Faith Based Coalition’s work with food distribution and has helped to identify sites for food distribution. Jonathan has received NIH grant to conduct research on knowledge, attitudes, and behaviors of priority populations towards vaccines.

   Lauren – Continues to learn more about food access issues in the city and it has not gotten better. USDA requirements have been confusing initially requirements were only for students and then not. It has
been frustrating for school leads with the changes from USDA. The SFUSD nutrition team has been able to shift service times to feed as many kids as possible.

John – Dr. Colfax present at API Health Parity Coalition meeting and discussed disaggregating data for API community. There has been improved COVID testing in Chinatown. COVID cases in hospitals are down. Marin General Hospital will open in 10 days and it is a testament to be able to build a new facility within a pandemic and is able to treat patients throughout the Bay Area.

Michelle – DCYF launched learning hubs on September 14th. There are 45 sites and add a few more will be added in the future.

3. Approval of Minutes for Previous (August) Meeting [Action] – 3 minutes

Joi motions to approve minutes. Linda seconds. Minutes are approved.

4. Review and Consideration of Regular Agenda [Action] – 2 minutes

Derik motions to approve agenda. Saeeda seconds.

Gabriel Cortez, Youth Speaks Program Director, – The Bigger Picture programs is funded by SDDT. The program allows students to see connections by their lived experiences provides them opportunity to and discuss and organize. Black and Brown students in the program learn fast of the disparities caused by environment, marketing companies, etc. By cutting funds for this program it will cut students’ empowerment.

Jade Rivera – Staff at Wellness Policy at SFUSD – works with the Bigger Picture Project, and soda tax funding helps to support stipends for youth and staffing. The Bigger Picture Project allows for the ability to engage in public equity, public health, and learn about those most impacted by the soda tax industry. Most students go to school and work neighborhoods most impacted by disparities. Students are engaged and learning Paolo Freire’s pedagogy, through the provision of context and understanding the world they live in and to participate in democracy.

Estrella – Student at June Jordan High School. Through the Bigger Picture project, and with the support from SDDT funds, it has helped her understand diabetes. If program is taken, it puts students at a halt of not learning more about how the environment and its impacts on me and the community. Government needs to help the students and prepare; the program has helped her grow. Kids should be learning about what is going on and without the Bigger Picture, it will continue to perpetuate victim blaming and that the government does not care about us and this program is necessary and thanks to the Bigger Picture program.

5. DPH Staff Report [Discussion and Possible Action] – 30 minutes

a. SDDTAC Youth and Food Access/Security Seats Update

Dr. Colfax appointed Veronica Shepard for the food access/security seat and will join committee in October.

Staff participated in the inaugural youth commission meeting to present the SDDTAC youth seat
overview. 5 youth seat applications were received, initially will go through youth commission, and forward their recommendation to the Board of Supervisors. Staff also shared SDDTAC’s interest to adding additional youth seats to amend the legislation.

b. SDDT Grants Process
Staff confirmed with health department that $3Mil for PSE grantees will be funded and contracts will continue. Carry forward dollars have yet to be determined.

c. Data Evidence Report Update
Michelle Kirian, SDDT epidemiologist has been immersed in COVID activation. The partners of the Bay Area evidence team has kindly offered to help with providing beverage purchasing data. We hope to receive the data for SF and share with the data and evidence subcommittee. Most of the data report will not be changed much but would like to show an updated report on sugary beverage sales data.

d. SDDT Revenue Projection Review
Members have requested that we review soda tax revenue. Staff downloaded data from the controller’s office and revenue collection began in January 2018. FY 19-20 revenue data will not be available until the end of September. The data shows that the revenue is on track and for the first quarter of the fiscal year looks on track. Member added that since tax bill still needs to be sent out and sent out later this year due to COVID, they are doing their best to move to a digital platform. The revenue data should be higher in November. Staff suggested to quarterly calendar a report of revenue data from the controller’s office to SDDTAC. Member asked if in past experience, has the data showed whether sugary beverage sales between hotels versus movie theaters and stores. Staff responded that we do not have that information currently, however an analysis of purchased sales data where sales were made. Grocery stores are the highest point of sale of sugary drinks; however we are not able to get data from Costco sales.

e. Mayor’s Office Proposed Budget Recommendations Follow Up
Staff shared that the final budget has not be finalized as the Board of Supervisors vote on the budget on 9/22/2020. Member shared that city departments are having back and forth discussions and answering questions as needed. Staff shared discussions with Ashley Groffenberger about SDDTAC questions. Ashley is in discussions with SFUSD finance staff reaching out to SFUSD finance folks. In respect to RPD, she noted that funds would be operationalized for its Requity Program however she needs more clarify on it. Linda shared that she would need to get clarification from CFO to get total numbers. Requity continues to do programming, scholarship recruitment and outreach. Saeeda shared that the Bigger Picture Project is also funded from SDDT funds through SFUSD’s nutrition education program, which support youth stipends and full time staffing position. SFUSD has provided detailed outline of how the funds are being used for and has been submitted to the CFO in various forms and times.

Public Comment:
Dean Schllinger, MD – Primary care physician at ZSFGH, founded center for vulnerable populations and helped to create the Bigger Picture campaign. The Bigger Picture Project has been an effective
partnership to partner with youth and diabetes prevention education for communities. Bigger Picture unfortunately has to pivot to online and would be disappointing that infrastructural support would be cut. If there is other advice in addition to Board of Supervisors meeting to attend, we will do.

Katie Ettman, SPUR – for information for soda tax revenue coming in, would love to see comparison of revenue over the years.

Gabriel Cortez - students’ stipends are not available and makes it hard for recruitment; being able to incentivize youth and YouthSpeaks depends on the soda tax funding, it and helps to get the word out and how do we get the word out especially with the pandemic factors. Youth are having to balance having to work or having stipends.

6. SDTAC Youth Seat Legislation Amendment Process – [Discussion and Possible Action] - 30 minutes
SDTAC has expressed interest in increasing the number of youth seat membership on the committee to ensure equity and representation. Staff shared the process of SDTAC primarily needing to identify a Board of Supervisor to sponsor the amendment to the advisory committee legislation and then the issue will be followed up with the Board of Supervisors rules committee. She expressed that the youth commission is supportive of this amendment and would also go through the youth commission process as well. Jonathan asked members if there were any supervisors, they would recommend sponsoring the amendment. Member suggested Supervisor Walton and noted that he would like to be champion for issues related to the soda tax. Member suggested Monica Chincilla who was the program manager of the soda tax campaign and previously legislative aide to former supervisor Malia Cohen. Member also suggested supervisor Safai. Member suggested supervisor Peskin who supports CUESA and Foodwise Teen programs. Another member recommended supervisor Preston.

Member asked if there is information readily available to work/talk with youth about the best way to engage with the SDTAC. If youth have a different vision of what would be more helpful. Member suggested that focus groups and other methods could possibly be conducted to inform the amendment of the legislation. Youth can help to inform a more effective structure. Member suggested to also work with the youth commission to see how they would like to have the youth seat evolved on the SDTAC. Member suggested that the youth seat amendment work would be tasked to the community input subcommittee. Jonathan announced that if any members interested in participating to inform staff and Vanessa. Saeeda expressed interest in participating in discussions.

Next steps are to identify 4 potential board of supervisor sponsors to engage their buy in and community input subcommittee will be responsible for interaction with the youth commission. Roberto motions to ask community input subcommittee and interested SDTAC member to engage youth commission and identify 4 potential board of supervisors to discuss an amendment to the soda tax advisory committee legislation to restructure youth involvement to the increase of youth involvement in the SDTAC. Saeeda seconds. Motion passes.
7. Subcommittee Update [Discussion and Action] - 20 minutes
   a. Co-Chair Update
   
   Jonathan reiterates SDDTAC mission, vision, values, and notes the impact of the committee and how things have changed due to pandemic. He asked members to think about how to continue to meet SDDTAC goals with the guiding facts of how members are currently living and to meet the needs of the community. How does the SDDTAC see its vision with the pandemic and how will it influence SDDTAC work plan moving forward. Joi added for members to begin thinking about how to stay within SDDT boundaries and focus on priorities and areas of focus that the committee agreed upon.

   b. Infrastructure
   
   Michelle reported that the Infrastructure subcommittee discussed about the impact of COVID on various levels, such as the increase in violence, SIP and not having space to exercise, emergency food, etc. Larry and Linda to meet with Joi to identify what resources are needed.

   c. Community Input -
   
   Vanessa reports that the community input subcommittee discussed the SDT budget and the importance of talked about importance of reaching out to community groups we represent to get a better understanding of the impact of budget cuts. Task is to reach out to community groups and write something up. It was also discussed how to get more community involvement in the subcommittee meeting, especially for those who received funds from SDDT and the wider community. The subcommittee discussed revisiting the work plan in light of today’s context and if we need to revise or adjust.

   d. Data and Evidence
   
   Saeeda reported that the data and evidence subcommittee discussed the pipeline grid to do more career lattice work. Co-chairs will be working on the grid together. The intent is to gather enough data and information charts to open up more health care career job advancements. Potential expert from UCSF on pipeline programs to speak with subcommittee. The subcommittee hopes to align with work plan going forward and overall SDDT dynamic despite COVID interruption of the work and to continue making data informed decisions.

8. Committee Member Proposed Future Agenda Items [Discussion and Possible Action] – 5 minutes
   
   • Finalized FY 20-21 budget and moving forward
   • SDDTAC considering what new priorities there are given the pandemic
   • Updates on any local/national legislation on soda tax
   • Possibility of reaching out to drug store chains to promote healthier beverage options instead of sugary drinks.
   • Youth seat updates

9. Announcements [Discussion and Possible Action] – 5 minutes
San Francisco Department of Public Health
Dr. Grant Colfax
Director of Health

City and County of San Francisco
London N. Breed
Mayor

- Lauren – transitioning out of role at SFUSD, moving to Oregon. She will continue to be part time with SFUSD within the next month and SFUSD is looking for a replacement.

10. Adjournment [Action]

Michelle motions to adjourn. Linda seconds. Meeting is adjourned at 6:32pm.

Notes

PUBLIC COMMENT
General Public Comment: At this time, members of the public may address the SDDTAC Advisory Committee on items of interest to the public that are within the subject matter jurisdiction of the Committee but do not appear on the agenda.

With respect to agenda items, the public will be given an opportunity to address the Committee when the item is reached in the meeting. Each member of the public may address the Committee for up to three minutes.

The Brown Act forbids a Committee from taking action or discussing any item not appearing on the posted agenda, including those items raised at Public Comment. In response to public comment on an item that is not on the agenda, the Committee is limited to:

- Briefly responding to statements made or questions posed by members of the public, or
- Requesting staff to report back on a matter at a subsequent meeting, or
- Directing staff to place the item on a future agenda. (Government Code Section 54954.2(a).) 10.

Each action item will hold public comment before a vote is made.

Explanatory documents are available at the 25 Van Ness Ave, Suite 500 during regular business hours. If any materials related to an item on this agenda have been distributed to the SDDTAC after distribution of the agenda packet, those materials are available for public inspection at the address above during normal business hours.

<td><strong>COMMUNITY-BASED GRANTS</strong></td>
<td>City Departments should contract directly with CBOs through an RFP process managed through the Community Health Equity and Promotion (CHEP) Branch of the Department of Public Health. CBG should support community-based programs and services that address the health inequities of those most targeted by the beverage industry. Funding should go to Community Based Organizations (CBOs) and Faith Based Organizations (FBOs) for the following strategies: 1. Health Education activities including, chronic disease prevention, healthy eating and active living, tap water promotion, oral/dental health 2. Physical Activity opportunities, including: a) Dance and movement, sports, yoga, walking groups, biking, etc.; b) Efforts to influence changes to the built environment (ie sidewalks, streets, parks, buildings, etc) or safety of the built environment that facilitates increased physical activity and walking and biking for utilitarian trips, sometimes referred to as active transportation); and c) pursuit of institutional or local policies that facilitate physical activity and active transportation (such as adequate PE time and instructors, commuter benefits for active transportation, etc) 3. Healthy Eating/Food Security*, including: a) Community-based pantries, community-based hot meals, community kitchens and community home delivery services; b) Increased financial resources (i.e. wages, income, government nutrition supplements, vouchers, etc.); c) Changes to the built environment that facilitate food security; and d) Pursuit of institutional or local policies that facilitate food security. 4. Water Promotion, such as support for Spa Water Supplies, station maintenance/beautification, refillable water bottles to distribute to communities, water testing 5. Community Based Participatory Research 7% of all CBO funding (eg 7% of approximately $4.3 million) should go towards CBOs implementing programs/initiatives that take place in school settings. Funding to issue grants to CBOS should follow the guidelines above.</td>

<tr>
<td>CBOs working with SFUSD</td>
<td>Media Funds to CBOs to support media and communications that include 1) grassroots, community driven awareness campaigns about the intent of the SDDT and the impact of the allocated funds; 2) city-wide communications campaign highlighting the impact and importance of the SDDT; and 3) communications materials for merchants. This may be implemented via CBO’s and/or private media firms. Examples include community-driven messaging, print, online, and social media campaigns.</td>
</tr>
<tr>
<td></td>
<td>Community engagement Community engagement activities (ex. community conveners, focus groups, town halls, attending existing community meetings, etc.) to ensure that meaningful community engagement opportunities are fully integrated throughout the work of the SDDTAC, so that impacted populations can inform the decisions of the full committee.</td>
</tr>
<tr>
<td></td>
<td>Capacity Building Grants Provide one time capacity building grants as SFPD/HEP did in FY2019-2020; to support non profit organizations providing chronic disease prevention programs and services with operations, training, equipment, consultants, etc.</td>

</tr>
<tr>
<td>School Food, Nutrition Ed</td>
<td>To improve the quality and appeal of school meals and support nutrition education to increase participation in school meal programs (for example: cooking and serving equipment, staff professional development, and innovative procurement and menu strategies to increase freshly prepared food). Funding will target schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry.</td>
</tr>
<tr>
<td>Student Led Action</td>
<td>Support student led efforts to decrease consumption of sugary drinks and increase awareness of sugary drinks consumption among students, with focus on schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry. ### BREASTFEEDING

To fund a breastfeeding coalition to organize collective efforts across San Francisco to enable increased breastfeeding among Priority Populations. This coalition will mobilize action on policy, systems, and environmental (PSE) changes to increase breastfeeding rate and duration, leveraging community strengths and tackling structural barriers to reduce inequities to breastfeeding support. This would include funding for backbone support to engage community stakeholders in a strategic planning and engagement process to develop a framework for short and long term goals embedded in principles of equity; help align breastfeeding support services in San Francisco including hospital, outpatient, and community based services to improve access to breastfeeding support; and provide technical assistance to partnering agencies (such as child care centers and businesses with less than 50 employees) to operationalize and implement breastfeeding friendly policies and practices.
* Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; foods that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.

*The Board of Supervisors made a series of addbacks in the FY 17-18 budget. When the Board of Supervisors makes changes to the Mayor’s budget, some of these changes are “addbacks” denoting the Board’s decision to add funds back for a particular service. Addbacks become part of an agency’s baseline budget.*
