4. General Public Comment

[Discussion] There are no members of the public present at the meeting.

5. Discussion Process of Public Comment

[Discussion] At the February 20 SDDTAC meeting, a resident wasn't familiar with the process and when he could offer public comment. The co-chair should remind the public throughout the meeting that anyone, regardless of whether they represent an organization or some other affiliation, is welcome to provide public comment.

6. Housekeeping

Staff propose the following schedule of reports to better inform the committee when making their budget recommendations:

Report release schedules

Director of Health

City and County of San Francisco
London N. Breed
Mayor

- i. Data Report – August (will include consumption data)
- ii. Evaluation Report – October
- iii. SDDTAC Recommendations - Feb/March

[Discussion] In August, the data reports will be completed for the committee to review. The Evaluator will prepare the evaluation report by October.

Members requested copies of what was submitted to the Mayor's office and the Board of Supervisors (the budget recommendations, co-chair letter and SDDTAC principles) so they may develop talking points when meeting with any elected officials

DPH staff have requested a BOS hearing to discuss the recommendations and SDDTAC members encouraged to attend.

7. Community Input Subcommittee Work Plan

[Discussion] The previous work plan with RDA was helpful, but centered around the development of the annual report. The subcommittee needs to consider the recommendation for \$50,000 community engagement. ; if the \$50,000 for community engagement gets approved by the Mayor's office, they'll need a plan for how to get that money out since it is in community-based grants.

Members discussed the need to review RFP to see if it reflects community input. Additionally, members would like to hear from previously funded projects; hearing input about CPBR principles and youth led engagement/how it has helped.

Members would like the full committee to hear from the community (inviting them to subcommittee meetings and full committee meetings). This can help the Community Input Subcommittee make recommendations for next year (at the subcommittee level) before organizations apply for the next round of funding. In general RFP's tend to have a quick turnaround, which makes it complicated for community based organizations/nonprofits/faith based organizations to apply for grants; these organizations should have a smoother process to apply. Subcommittee members discussed opportunity to facilitate small discussion groups (open space, flip charts on walls, comment walls for different topics; popcorn style, brain storms at the monthly subcommittee meetings) with organizations that responded or considered responding to the RFP. These conversations could happen after deadline to apply, but before funding notifications go out.

Additionally, members discussed the challenges of getting community input: representatives of community-based organizations are extremely busy. Members discussed developing a survey option or listening sessions where committee members would sit on a panel, and hear feedback directly from the public.

Lastly, members discussed the idea of having a showcase for all organizations that receive grant to highlight their funded project. This could be a public event where funded organizations could do poster presentations of their funded programs/what to expect for the grant year; the public would walk around and engage with the organizations to learn more about what their project goals are, and expected outcomes. Looking ahead: if the \$50,000 is approved (2019-2020 fiscal year) this type of showcase could be RFP'd out (according to the line item for community engagement).

This subcommittee needs to ensure continual opportunities for bidirectional communication in a meaningful way. Can meetings be in community rather than at DPH offices? Members reiterated the need to engage the community at the community level.

Members also highlighted the need for accountability to one's seat on the Committee and the populations/issue areas each committee member represents. Members should discuss what accountability looks like to fellow subcommittee members, full committee, and the general public. The committee will present a sample format and propose that every member at the committee respond to the questions developed.

Ideas/next steps from the workplan discussion:

- Create a plan for the \$50,000 community engagement if approved (showcase/poster presentations, town halls, listening sessions, avenues for community input etc.)
- Review the RFP for community engagement, to ensure it reflects the community input gathered
- Reach out to community based organizations/nonprofits/faith based organizations (create a master list) to invite representatives to attend monthly subcommittee meetings, in addition to the full committee meetings.
- Work with staff to develop a survey to send out to community based organizations/nonprofits/faith based organizations to get feedback on the RFP process.
- Develop a method of tracking how members are accountable to the populations/issue areas/departments that they represent.
- Develop a presentation to share at March 20 SDDTAC meeting with these recommendations during the subcommittee updates.

Upcoming agenda items for future community input subcommittee meetings

- Continue workplan discussion (gathering feedback from community based organizations/nonprofits/faith based organizations; plans on how to work with grantees for community engagement efforts (planning showcase, location discussion= tentatively one session in the Tenderloin, and one in the Bayview); inviting applicants/grantees to subcommittee/full committee meetings) ;
- Discuss potential consultant to facilitate May/June subcommittee meetings (one hour facilitation, basic prep, flip chart/conversations, food provided at the meeting; staff will look to see if there is funds for this)
- Brainstorm feedback opportunities (half sheet/online survey monkey and; staff will bring email and survey draft that will be sent to applicants/grantees inviting them to come to the May/June subcommittee meeting where members will be soliciting feedback on the RFP process
- Co-Chair nominations (members should come to March 20 SDDTAC meeting with nominations in mind)
