Order of Business:

1. **Call to Order / Roll Call** [discussion and action] Meeting called to order at 4:07pm

Present: John Maa, Lauren Heumann, Vanessa Bohm, Joi Jackson-Morgan, Christina Goette, Melinda Martin

2. **Approval of August Meeting Minutes** [discussion and action]

- Under #5 b, PSE grantee funds “taken away” – replace with “put on hold”

Lauren motions to approve August minutes. Vanessa seconds. Minutes are approved.

3. **Review and Consideration of Agenda** [discussion and action]

Lauren motions to approve agenda. John seconds. Agenda is approved.

4. **General Public Comment** - No Public Comment

5. **Community Check In** [discussion and possible action]

Lauren – a lot going on and do not have anything specific to report out

Vanessa – noticing the compounding effects of COVID on community members, the lack of resources and desperation, mental health issues, fires, COVID, SIP and it is all weighing down on community members and well as dealing with distance learning.

John – Hospitals have been okay especially with the distribution of PPE from the governor. In respect to the APPI community, there is outdoor dining in Chinatown, clinical front lines concerns. Astounding that there are items empty shelves, when you go to stores to see shelves that are bare. concerns about food choices, limited selection and worry about supply chain and worried about what we will expect in the fall. Structure of when deliveries are made at stores.

6. House Keeping [discussion and possible action]

a. Feedback for SDDT evaluation plan

Staff followed up with members regarding any feedback for the SDDT evaluation plan presented at the previous SDDTAC meeting. Members asked for additional time to review to provide feedback, if any.

b. SDDT budget

Staff shared that there are no current updates for the SDDT budget as of this time. Awaiting to hear back from Ashely Groffenberger from the Mayor's Office. Staff will follow up with co chairs on letter to the Mayor's Office. Member asked regarding the budget process and member replied that the board of supervisors have been reviewing the Mayor's proposed budget. Staff will share with members a one page budget cycle timeline from the Mayor's Office.

7. Review and Update Community Input Subcommittee Work Plan [discussion and possible action]

Member stated that on behalf of SDDT funded organizations, are there efforts to focus on assessment on adverse impact for programs that had been curtailed and how to catch them up? Staff shared that PSE grantees are currently on hold and will be determined on the finalization of the budget. Member asked if there is something that can be done to support organizations who were funded, applied and ensure that their stories are captured to create a theme of solutions to support them in the future. Member expressed liking the idea of the SDDTAC going to organizations/groups and seeking their suggestions of what they would like to see, how to remedy and support SDDT funded organizations via interviewing and summarizing of experiences. It would be ideal for members to reach out to their respective groups and come together and collect information. This information can be shared with the SDDTAC and make recommendations based on how communities are being impacted by budget cuts and COVID.

Member expressed that SDDTAC does not have a lot of community members that attend the meetings and the committee should consider how to engage more community involvement into the structure of the committee. Member added that some agendas may not be of interest to community members and that we can continue to invite community members when we will be discussing budget recommendations and invite more people to join. How do we organize the subcommittee meetings to be more community friendly? Member suggested to have one meeting every four months be community focused. Member suggested to have more meetings that would focus on community engagement for both the advisory committee and community input subcommittee meetings. Member added to invite organizations who were not funded through the SDDT funds to hear from them. Member agreed and noted to also review the evaluation report to support any themes that may arise.

8. Recommendations for SDDTAC on Current State of Affairs [discussion and possible action]

Member shared that with the given context of the current society, social movements, Black Lives Matter movement, systemic racism, historical inequities, and how society is urging us to have these conversations and deal with the structure that is in place that is not serving people of color and vulnerable populations. From a community perspective, it is a good idea to look at our own committee, we are perpetuating vulnerable communities, one example, is the youth seat, it is not just about having a voice at the table and time of meetings, structurally it is super challenging and not supporting. Member added that by having a committee that is made up of representatives who represent communities that are disproportionately impacted as well as the location and time of the meetings, it would be more appealing to youth. It has been challenging for youth to participate in the past and the structure for youth does not make sense. How can we as a committee recommend for the youth seat be more representative and supportive of the youth population and priority populations? Member added that committee can make recommendations to create ways as a guide for any advocacy to make changes to the legislation for the youth seat. Member suggested having the youth seat paid, possibly through Opportunities for All and be equitable. Lauren will follow up

with Saeeda to identify the previous youth work conducted with John O'Connell students.

Member suggested for subcommittee to tap into accountability document to identify whether members have reached out to their respective communities. Vanessa will come to next meeting with prepared questions of what they would like to see for community members, as conversation starters. Member stated that by doing so it can help to establish what the committee is missing out on, help people get access to do some of the work that the committee members can't do, similar to AHA. Send Vanessa presentation example questions to work on.

9. Proposed Agenda Items for October 7, 2020 Meeting [discussion and possible action]

- Propose to reschedule community input meeting date/time
- Standing agenda items: housekeeping, youth seat, community engagement
- Current state of affairs (e.g. impact on community, systemic racism, and policies, limited healthy food choices, easy distribution of soda, etc.)

Lauren announces her moving to Oregon, will continue to part of SDDTAC for the next month.

10. General Public Comment - No Public Comment

11. Adjournment

Joi motions to adjourn. John seconds. Meeting is adjourned at 5:35pm.

NOTES:

PUBLIC COMMENT

General Public Comment: At this time, members of the public may address the SDDTAC Advisory Committee on items of interest to the public that are within the subject matter jurisdiction of the Committee but do not appear on the agenda.

With respect to agenda items, the public will be given an opportunity to address the Committee when the item is reached in the meeting. Each member of the public may address the Committee for up to three minutes.

The Brown Act forbids a Committee from taking action or discussing any item not appearing on the posted agenda, including those items raised at Public Comment. In response to public comment on an item that is not on the agenda, the Committee is limited to:

- Briefly responding to statements made or questions posed by members of the public, or
- Requesting staff to report back on a matter at a subsequent meeting, or
- Directing staff to place the item on a future agenda. (Government Code Section 54954.2(a).) 10.

Each action item will hold public comment before a vote is made.

Explanatory documents are available at the 25 Van Ness Ave, Suite 500 during regular business hours. If any materials related to an item on this agenda have been distributed to the SDDTAC after distribution of the agenda packet, those materials are available for public inspection at the address above during normal business hours.

RINGING AND THE USE OF CELLPHONES

The ringing of and use of cell phones, pagers and similar sound-producing electronic devices are prohibited at this meeting. Please be advised that the Chair may order the removal from the meeting room of any person(s) responsible for the ringing or use of a cell phone, pager, or other similar sound-producing electronic devices.

	Budget Descriptions
COMMUNITY-BASED GRANTS	City Departments should contract directly with CBOs through an RFP process managed through the Community Health Equity and Promotion (CHEP) Branch of the Department of Public Health. CBG should support community-based programs and services that address the health inequities of those most targeted by the beverage industry. Funding should go to Community Based Organizations (CBOs) and Faith Based Organizations (FBOs) for the following strategies:
Health education, food security, physical activity	<ol style="list-style-type: none"> 1. Health Education activities including, chronic disease prevention, healthy eating and active living, tap water promotion, oral/dental health 2. Physical Activity opportunities, including: a) Dance and movement, sports, yoga, walking groups, biking, etc.; b) Efforts to influence changes to the built environment (ie sidewalks, streets, parks, buildings, etc) or safety of the built environment that facilitates increased physical activity and walking and biking for utilitarian trips, sometimes referred to as active transportation); and c) pursuit of institutional or local policies that facilitate physical activity and active transportation (such as adequate PE time and instructors, commuter benefits for active transportation, etc) 3. Healthy Eating/Food Security*, including: a) Community-based pantries, community-based hot meals, community kitchens and community home delivery services; b) Increased financial resources (i.e. wages, income, government nutrition supplements, vouchers, etc.); c) Changes to the built environment that facilitate food security; and d) Pursuit of institutional or local policies that facilitate food security. 4. Water Promotion, such as support for Spa Water Supplies, station maintenance/beautification, refillable water bottles to distribute to communities, water testing 5. Community Based Participatory Research
CBOs working with SFUSD	7% of all CBO funding (eg 7% of approximately \$4.3 million) should go towards CBOs implementing programs/initiatives that take place in school settings. Funding to issue grants to CBOS should follow the guidelines above.
Media	To develop and implement a media campaign focused on the impact of the SDDT with an emphasis on grassroots, community-led storytelling. Community Based Participatory Principles will be utilized in the development of the storytelling campaign, with CBOs funded to co-develop the campaign with a contracted media agency. The funds should support both a local and regional media campaigns. The regional campaign should be in coordination with other jurisdictions with similar sugary beverage taxes to leverage resources and augment the intended goals of the SDDTAC. A portion of the local media campaigns must include a merchant education component. A smaller proportion of the funds (to be determined by the Department of Public Health and any contracted entities) may support media/communications campaigns that highlight the health harms of sugary beverage intake and encourage tap water consumption. A portion of the funds must include merchant education. The local campaign must include merchant education component. DPH/CHEP will contract with media agency, and oversee the campaign progress, with guidance from the Community Input Subcommittee on the local and regional community-led story telling campaigns and guidance from the Infrastructure Subcommittee on the merchant focused campaign.
Community engagement	Community engagement activities (ex. community conveners, focus groups, town halls, attending existing community meetings, etc.) to ensure that meaningful community engagement opportunities are fully integrated throughout the work of the SDDTAC, so that impacted populations can inform the decisions of the full committee.
SFUSD	
School Food, Nutrition Ed	To improve the quality and appeal of school meals and support nutrition education to increase participation in school meal programs (for example: cooking and serving equipment, staff professional development, and innovative procurement and menu strategies to increase freshly prepared food). Funding will target schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry.
Student Led Action	Support student led efforts to decrease consumption of sugary drinks and increase awareness of sugary drinks consumption among students, with focus on schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry. SFUSD should provide to SDDTAC a proposal of how funding will be spent through student led action.
FOOD ACCESS	
Healthy Food Purchasing Supplement	Support programs that increase financial resources to purchase healthy food such as vouchers and food purchasing incentives. This investment is meant to support both the communities most impacted by the health consequences of sugary beverage consumption and to support the local economy including local merchants. These funds should be RFPed out to CBOs and FBOs according to the Community Based Grants guidelines.

Healthy Retail	Supporting small business to increase healthy food access in high risk and impacted communities and neighborhoods by: 1) supporting business operations; 2) promoting community engagement; and 3) improving the retail environment.
ORAL HEALTH Community task forces	Support development of community infrastructure such as oral health community task forces that incorporate diverse stakeholders for outreach, education, and interventions to address the oral health needs of children in high risk populations.
School-based sealant application	Support school-based and school-linked preventive oral health programs within SFUSD schools serving high risk target populations. This should also support SFUSD dedicated oral health staffing.
School-based education and case management	
INFRASTRUCTURE	<p>A. Personnel</p> <p>1) Backbone staffing to support SDDTAC a. A program manager to provide backbone staffing to the SDDTAC, including: i) Staffing full committee and 3 subcommittees in compliance with Sunshine and Brown Acts; ii) Coordinating among city agencies and funded CBOs to promote collective impact; iii) Help guide vision and strategy of SDDTAC, support aligned activities; manage SDDTAC work and timeline; and iv) Working with evaluation team to establish shared measurement practices b. As necessary, manage citywide/soda tax impact media c. Develop/Compile and Manage completion of SDDTAC Annual Report d. Manage SDDTAC biennial nominations process</p> <p>2) Staffing to support DPH SDDT implementation of community based grants a. Manage work of contractors, including: i) develop and implement CBO RFP process; ii) provide technical assistance for CBOs and merchants; iii) promote collective impact in coordination with SDDTAC backbone staff and City Agencies; and iv) work with evaluator and SDDTAC backbone staff to develop and implement evaluation plan and evaluation technical assistance.</p> <p>3) Staffing to support research and evaluation of SDDT impact, including data purchases as necessary a. At least 1.0 FTE epidemiologist; b. Support data analysis for annual report; c. Manage data purchases; d. participate in development and implementation of SDDT evaluation</p> <p>B. Professional services including: i) technical assistance for funded CBO and FBO; ii) evaluation - to implement evaluation framework and evaluate funded city agencies, CBO and FBO, and process evaluations from applicants, and provide evaluation technical assistance; iii) city attorney to provide ongoing technical consultation</p> <p>C. Materials/Supplies for meetings and printing costs</p> <p>D. Training to support staff development</p> <p>E. Data for collection (pricing), analysis (Nielsen) and purchase (IRI)</p>
DPH Infrastructure	
Strategic planning	Strategic planning consultant to facilitate the SDDTAC in creating a strategic plan to guide the work. The development of this plan should be informed by multiple guiding principles to at least include: the 10 essential public health services, community input regarding its priorities and needs, lessons learned and best practices from other jurisdictions that have implemented similar taxes. The strategic planning process should address, among other aspects, the near and long term strategic goals of the SDDTAC; the role of CBOs, FBOs, and city agencies in achieving this vision; how the SDDTAC's goals fit within the context of city-wide coalitions with similarly aligned goals
Evaluation	Additional funds for evaluation may: <ul style="list-style-type: none"> a. support community based participatory research (ex. street intercept, merchant interview, focus groups) b. develop a system to collect data c. expand technical assistance d. conduct more qualitative evaluation that can help develop stories that describe impact of tax
WATER ACCESS	
Water Access - SFUSD	To install hydration stations at low income schools serving students with health disparities (ex. Bayview, Chinatown, Mission), to elevate the schools to the Silver or Gold standard for hydration stations (i.e. one on each floor, centrally located, and conduct water education). Funds may support purchase of Spa Water

	Supplies, station maintenance and beautification, refillable water bottles to distribute to students, water testing.
Water Access - Public Spaces	To install or upgrade existing hydration station(s) in public spaces that target high-risk populations that are disproportionately targeted by the sugary drink industry (community identified public spaces). This funding should support high-quality, visually appealing, stations that can serve as a highlighted example of the potential for hydration stations. This can include beautifying and optimizing current station(s) or creating new one(s).
SF Recreation & Parks	To support staffing and supplies, including healthy food, for Peace Parks programs in target populations
HOPE SF Chronic Disease Equity	To fund services to public housing residents in the HopeSF sites. Public housing is a known risk factor for diet sensitive health disparities. The concentrated poverty and resource isolation intensifies the impact of race and poverty. This funding will be used to support resident peers, trained as community health workers, to provide health education, chronic disease self-care programs, and linkages to care. Each of the 4 sites will have two full time peer community health workers who will provide a variety of programming. The funding supports both wages and some program expenses.

* Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; foods that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.

*The Board of Supervisors made a series of adbacks in the FY 17-18 budget. When the Board of Supervisors makes changes to the Mayor’s budget, some of these changes are “adbacks” denoting the Board’s decision to add funds back for a particular service. Adbacks become part of an agency’s baseline budget.
