6. **House Keeping** [discussion and possible action]

- a. SDDTAC Member Outreach Timeline

Staff shared the revised budget overview tool and incorporated a timeline to make it a simpler version of the previous SDDTAC accountability tool. The revised is a much simpler tool at this moment and looks like the budget timeline and added section for members to note who their constituents are for each of the various items. It is suggested for members to discuss what priority areas there are for SDDT considerations. Taking the big events from budget process outline and how members would be outreaching to their constituents.

Member likes the revision and asks if the tool should be aligned with budget year. Staff responds that September is when the budget gets going. Landmarks for the SDDTAC are March 1st when the report is due. Member suggests aligning with city calendar. Staff suggest starting in August/September, maybe starting with fiscal year in July, but ideally there is a data report in August that would kick off the thinking with the evaluation report. July best place to start, aligning with fiscal calendar and put our heads towards. Document will be shared with SDDTAC and getting their input at the next SDDTAC meeting. Once SDDTAC views it can be voted on as well.

Jennifer motions to bring to SDDTAC. Kiana seconds. Motion is approved.

b. SDDTAC Youth Seat(s) Update

In discussions with city attorney, they have discussed with ethics lawyer and the cleanest version of providing support to youth would be identifying a foundation that would be willing to directly stipend a youth person with funds that do not come through the city, with the assumption that there is a foundation willing to do so. The preference is a nonprofit, an organization that does not receive city funding or an organization that can clearly illustrate that funds for the stipends do not come from city funding. Many nonprofits have donated funds that can support, while many foundations may have issues with releasing funds that are not in alignment with their priorities. This would only be for current youth seats, for additional youth seats it would need to go to the voters. If there is a funding source for youth stipends that whoever is tied to the person in that youth seat and not for a specific student who is doing an internship. If in the form of an internship, the SDDTAC would need to identify funding sources that can be clearly delineated from city funding. It would be helpful to understand all aspects so that we can consider entities who would have an interest in supporting this effort. Member adds that SDDTAC will have to wait to get more youth seats from the voters, as well getting those non-voting members, to get traction for engagement, to see if there is interest beyond the stipend. Member responds that anyone can join SDDTAC meetings, they are educational and informative, seeking interest and if there is overwhelming amount of youth, it gives us the data to go to the voters. If there is only 5 people, it is just also about getting the word out. Staff adds that it must also follow the Robert's Rules of Order process to engage. Member suggests reaching out to SFUSD and presenting to them and practice what they are learning. Member suggests also be highlighted in the newsletter, video, etc for a call to action. Members agreed having as a continuing agenda item for subcommittee to flesh out more and to share with SDDTAC at November meeting.

7. **Review of SDDT Evaluation Report Outline** [discussion and possible action]

Paige Kruza of Raimi and Associates presents draft SDDT evaluation report outline and preliminary findings with recommendations. Recent literature has shown that jurisdictions with soda tax and looking at those structures, legislation language and how it is being implemented to address sugary sweetened beverage consumption and inequities.

Member noted that there haven't been any measures so to be clear to what degree has been happening. On 1.4, the sharing and translating to disenfranchised communities, consider whether it is happening, or what communities has it started happening with and to identify how to increase SDDTAC efforts. To identify what communities are not being engaging in the conversation in order to be conduit for community to identify what is missing and how can we translate the information that makes sense. Tangible examples of how the soda tax is benefiting the community.

Member notes that finding 1.2, there has been discussion around the need to expand youth seats and there has been discussions on other groups that are not at the table or confusion for those who have come to the SDDTAC and how to change the legislation itself, we do intentionally include leaders of community, there is a lot of room for us to work on being more intentional about who we have at our table.

Next steps, Raimi & Associates will also present to the Data and Evidence subcommittee and next week at the November SDDTAC meeting.

8. **Review of Previous Subcommittee Budget Recommendations** [discussion and possible action]

Members review previous year subcommittee budget recommendations for FY 21-22 and FY 22-23. Staff discuss process of how budget recommendations are made for 2 years. Members suggest adding final allocations that were approved by the Mayor and Board of Supervisors for historical information as well as revenue projections. Staff shared that they would meet with co-chair to review process of budget negotiation for February. Member suggests submitting rationale before the meetings and people will vote based on their decisions.

9. **SDDT Newsletter Content** [discussion and possible action]

Staff has collected ideas from each subcommittee on what could be added to newsletter each quarter. SDDT grantees are also interested in contributing to newsletters. Member suggested to add a Call to Action section to the newsletter. Member also suggested to have any updates as to anything related to legislation, advocacy at the local level and in alignment with SDDT, Build Back Better, school meals, etc. Forward any other suggested content to staff.

10. **Next Meeting Agenda Items** [discussion and possible action]

- SDDT Budget FY 22-23 and FY 23-24

11. **Announcements** [discussion and possible action]

No Announcements

12. **Adjournment** [discussion and possible action]

Maysha motions to adjourn. Kiana seconds. Meeting is adjourned at 5:58pm.

NOTES:

PUBLIC COMMENT

General Public Comment: At this time, members of the public may address the SDDTAC Advisory Committee on items of interest to the public that are within the subject matter jurisdiction of the Committee but do not appear on the agenda.

With respect to agenda items, the public will be given an opportunity to address the Committee when the item is reached in the meeting. Each member of the public may address the Committee for up to three minutes.

The Brown Act forbids a Committee from taking action or discussing any item not appearing on the posted agenda, including those items raised at Public Comment. In response to public comment on an item that is not on the agenda, the Committee is limited to:

- Briefly responding to statements made or questions posed by members of the public, or
- Requesting staff to report back on a matter at a subsequent meeting, or
- Directing staff to place the item on a future agenda. (Government Code Section 54954.2(a).) 10.

Each action item will hold public comment before a vote is made.

Explanatory documents are available at the 25 Van Ness Ave, Suite 500 during regular business hours. If any materials related to an item on this agenda have been distributed to the SDDTAC after distribution of the agenda packet, those materials are available for public inspection at the address above during normal business hours.

RINGING AND THE USE OF CELLPHONES

The ringing of and use of cell phones, pagers and similar sound-producing electronic devices are prohibited at this meeting. Please be advised that the Chair may order the removal from the meeting room of any person(s) responsible for the ringing or use of a cell phone, pager, or other similar sound-producing electronic devices.

	Budget Descriptions: SDDTAC recommends investing in strategies that support mental health and wellbeing and workforce pathways for impacted/priority populations.
COMMUNITY-BASED GRANTS	City Departments should contract directly with CBOs through an RFP process managed through the Community Health Equity and Promotion (CHEP) Branch of the Department of Public Health. CBG should support community-based programs and services that address the health inequities of those most targeted by the beverage industry. Funding should go to Community Based Organizations (CBOs) and Faith Based Organizations (FBOs) for the following strategies:
Health education, food security, physical activity	<ol style="list-style-type: none"> 1. Health Education activities including, chronic disease prevention, healthy eating and active living, tap water promotion, oral/dental health 2. Physical Activity opportunities, including: a) Dance and movement, sports, yoga, walking groups, biking, etc.; b) Efforts to influence changes to the built environment (ie sidewalks, streets, parks, buildings, etc) or safety of the built environment that facilitates increased physical activity and walking and biking for utilitarian trips, sometimes referred to as active transportation); and c) pursuit of institutional or local policies that facilitate physical activity and active transportation (such as adequate PE time and instructors, commuter benefits for active transportation, etc) 3. Healthy Eating/Food Security*, including: a) Community-based pantries, community-based hot meals, community kitchens and community home delivery services; b) Increased financial resources (i.e. wages, income, government nutrition supplements, vouchers, etc.); c) Changes to the built environment that facilitate food security; and d) Pursuit of institutional or local policies that facilitate food security. 4. Water Promotion, such as support for Spa Water Supplies, station maintenance/beautification, refillable water bottles to distribute to communities, water testing 5. Community Based Participatory Research
CBOs working with SFUSD	7% of all CBO funding (eg 7% of approximately \$4.3 million) should go towards CBOs implementing programs/initiatives that take place in school settings. Funding to issue grants to CBOS should follow the guidelines above.
SFUSD School Food, Nutrition Ed	To improve the quality and appeal of school meals and support nutrition education to increase participation in school meal programs (for example: cooking and serving equipment, staff professional development, and innovative procurement and menu strategies to increase freshly prepared food). Funding will target schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry.
Student Led Action	Support student led efforts to decrease consumption of sugary drinks and increase awareness of sugary drinks consumption among students, with focus on schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry. SFUSD should provide to SDDTAC a proposal of how funding will be spent through student led action.
Educational Investments	Educational investments that support and strive for professional development in health and wellness across lifespan. Scholarships and other supports in higher education in medical technology and health field careers for Priority Populations and including para professionals.
FOOD ACCESS Healthy Food Purchasing Supplement	Support programs that increase financial resources to purchase healthy food such as vouchers and food purchasing incentives. This investment is meant to support both the communities most impacted by the health consequences of sugary beverage consumption and to support the local economy including local merchants. These funds should be RFPed out to CBOs and FBOs according to the Community Based Grants guidelines.
Healthy Retail	Supporting small business to increase healthy food access in high risk and impacted communities and neighborhoods by: 1) supporting business operations; 2) promoting community engagement; and 3) improving the retail environment.
ORAL HEALTH Community task forces	Support development of community infrastructure such as oral health community task forces that incorporate diverse stakeholders for outreach, education, and interventions to address the oral health needs of children in high risk populations.
School-based sealant application	Support school-based and school-linked preventive oral health programs within SFUSD schools serving high risk target populations. This should also support SFUSD dedicated oral health staffing.
School-based education and case management

<p>WATER ACCESS</p>	
<p>Water Access - SFUSD</p>	<p>To install hydration stations at low income schools serving students with health disparities (ex. Bayview, Chinatown, Mission), to elevate the schools to the Silver or Gold standard for hydration stations (i.e. one on each floor, centrally located, and conduct water education). Funds may support purchase of Spa Water Supplies, station maintenance and beautification, refillable water bottles to distribute to students, water testing.</p>
<p>Water Access - Public Spaces</p>	<p>To install or upgrade existing hydration station(s) in public spaces that target high-risk populations that are disproportionately targeted by the sugary drink industry (community identified public spaces). This funding should support high-quality, visually appealing, stations that can serve as a highlighted example of the potential for hydration stations. This can include beautifying and optimizing current station(s) or creating new one(s).</p>
<p>SF RECREATION & PARKS</p>	
<p>Peace Parks</p>	<p>Peace Parks programming to serve priority populations</p>
<p>SVIP Funding: Peace Parks Transportation</p>	<p>Transportation for Peace Park participants</p>
<p>REQUITY: Outreach, Scholarships, recreation equity</p>	<p>Scholarships and programming for priority populations</p>
<p>BREASTFEEDING</p>	<p>To fund a breastfeeding coalition to organize collective efforts across San Francisco to enable increased breastfeeding among Priority Populations. This coalition will mobilize action on policy, systems, and environmental (PSE) changes to increase breastfeeding rates and duration, leveraging community strengths and tackling structural barriers to reduce inequities to breastfeeding support. This would include funding for backbone support to: to engage community stakeholders in a strategic planning and engagement process to</p>

develop a framework for short and long terms goals embedded in principles of equity; help align breastfeeding support services in San Francisco including hospital, outpatient, and community based services to improve access to breastfeeding support; and provide technical assistance to partnering agencies (such as child care centers and businesses with less than 50 employees) to operationalize and implement breastfeeding friendly policies and practices.

* Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; foods that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.

*The Board of Supervisors made a series of adbacks in the FY 17-18 budget. When the Board of Supervisors makes changes to the Mayor’s budget, some of these changes are “adbacks” denoting the Board’s decision to add funds back for a particular service. Adbacks become part of an agency’s baseline budget.
