Sugary Drinks Distributor Tax Advisory Committee *Subcommittee: Data and Evidence (D/E)*

MINUTES

November 10, 2021 – 10:00AM

Join Via Zoom

<https://sfdph.zoom.us/j/92705994996?pwd=RIVzRUtBalh3Vk9GaXNpYTJGR0lZUT09>

Meeting ID: 927 0599 4996; Passcode: 269275

Join Via Phone: + 1(669) 900 6833

* Please note that public comment will be held after every agenda item. If a member of the public would like to comment on a topic that is *not* on the agenda, they may do so during general public comment at the start of the meeting. Please see the *Notes* section of this document for additional information.

Order of Business:

1) **Call to Order / Roll Call** – Meeting called to order at: 10:05am

Present: Abby Cabrera, Paige Kruza, Kym Dorman, Seth Pardo, Diana Lau, Saeeda Hafiz, Irene Hilton, Maureen Guerrero

Absent: Marna Armstead

2) **Approval of Meeting Minutes** - [discussion and action]

Section 8 – identify which co-chair.

Abby motions to approve minutes with edit. Maureen seconds. Minutes are approved.

3) **Review and Consideration of Agenda** – [discussion and action]

Include with announcements check out questions at the end, possible meditation at end if time permits.

Abby motions to approve agenda with amendment. Maureen seconds. Agenda is approved.

4) **General Public Comment**- [discussion] - No Public Comment

5) **Housekeeping** – [discussion and possible action]

Staff share that city attorney provided information for youth seat stipends. Funding would need to come ideally from a foundation not receiving any city funds or a CBO that may be funded by the city, which can show clearly that stipends are not coming from city funds. Community input subcommittee will be working on this.

Staff will reach out to SDDTAC members regarding vaccination status before 12/15/2021, specifically for in person meetings.

San Francisco Department of Public Health

Dr. Grant Colfax
Director of Health

City and County of San Francisco
London N. Breed
Mayor

6) Review of SDDT Evaluation Report Outline – Raimi & Associates [discussion and possible action]

Kym Dorman from Raimi & Associates provides background to evaluation report, including logic model, values, and SDDT strategies. Many of the SDDT funded organizations/agencies work on many strategies and complement one another and work together to accomplish an outcome. SDDTAC recommended to collect data that improved community and economic conditions, behavioral and health outcomes. Member suggests considering linking SFUSD and others' logic model and strategies, as a compendium. Raimi & Associates will consider for future next steps.

Kym shared that the metrics were identified from the strategic planning process. They are open to including data that makes sense and can consider adding additional metrics/sources as they come available. Guest added that shorter term outcomes, curious to see what specific metrics are being used to illustrate increases or changes at the personal level. How do you know if the infrastructure changes that are being made is having the health outcomes, with the connection? Kym responds that it isn't causal but rather theory of change, without using the language of the theory of change, in the last year's report, it's outlined strongly that there is structural inequities and racism, therefore economic conditions that contribute to behavioral and place-based inequities that determine behavioral choices, resulting in health outcomes, the change process that is emphasized. Are there sub processes that have PDSAs, small process of change and does micro interventions that can lead to change and be associated with improved health outcomes? In order to advocate on sustainable interventions, especially when they are funded in part by grants, in order to argue for sustained interventions, there will need to be a tie between what we are doing and what we are seeing as an individual outcome. Staff shared that some of the data points have yet to be collected, in part due to COVID and can share the Qualtrics data that is being collected, to build the data piece to be stronger.

Kym shares evaluation report 2020-21 key finding 1 and recommendations. Member suggested to add in "language appropriate" to key finding 1 recommendation. Staff shared that SF followed Berkeley's ordinance, whereas Albany's legislation does not include a community advisory board. California has a law that requires a super majority needed to designate where the funds should go and to date, SF has been good about earmarking the funds for the purpose as it was mapped out in the ordinance. Paige added that the tax is generally designated for healthy eating and active living purposes and sometimes goes against the grain of addressing the social determinants of health, health equity and impact of chronic disease.

Key finding 1.2, member suggests adding "language appropriate" to key finding 1 recommendation. Member suggested that SDDTAC was able to allocate funding during the pandemic. Member suggested the idea of new businesses that offer exclusively sugary drinks without oversight, as many of these types of businesses are increasing, such as boba tea shops. Member suggested to include a policy recommendation to limit access to sugary drinks for new businesses. Staff shared that in concept those shops are paying for the syrup in boba teas, thus the recommendation to limit the number of new businesses that have access to sugary beverages.

San Francisco Department of Public Health

Dr. Grant Colfax
Director of Health

City and County of San Francisco
London N. Breed
Mayor

7) **Review of Previous Subcommittee Budget Recommendations** [discussion and possible action]

Staff provides overview of Data & Evidence's previous budget recommendations for FY 21-22. Member adds that two oral health budget line items are collaborative efforts, however they are not noted in the budget that way, only in the budget description. Oral sealants are done by DPH staff and case managers are staffed by SFUSD. Currently, there are no school based nurses for oral health due to budget cuts. Members provide historical context of funding recommendations for Recreation and Parks department. Staff adds that they are awaiting to hear back from the Mayor's Office regarding the budget amount for budget recommendations for FY 22-23 and FY 23-24.

8) **Proposed Agenda Items for Next Meeting** [discussion and possible action]

- Newsletter/literature database
- Budget Recommendations
- Subcommittee annual report write up
- Newsletter – references from SSB listserv and if it is going to be on listserv and translate articles on current research
- Facts/figures or trends around the country and local comparison to trends

9) **Announcements/Check Out**

Members share current book reads. No announcements from members.

10) **Adjournment**

Abby motions to adjourn the meeting. Irene seconds. Meeting is adjourned at 11:30am.

PUBLIC COMMENT

General Public Comment: At this time, members of the public may address the SDDTAC Advisory Committee on items of interest to the public that are within the subject matter jurisdiction of the Committee but do not appear on the agenda.

With respect to agenda items, the public will be given an opportunity to address the Committee when the item is reached in the meeting. Each member of the public may address the Committee for up to three minutes.

The Brown Act forbids a Committee from taking action or discussing any item not appearing on the posted agenda, including those items raised at Public Comment. In response to public comment on an item that is not on the agenda, the Committee is limited to:

- Briefly responding to statements made or questions posed by members of the public, or
- Requesting staff to report back on a matter at a subsequent meeting, or
- Directing staff to place the item on a future agenda. (Government Code Section 54954.2(a).) 10.

Each action item will hold public comment before a vote is made.

San Francisco Department of Public Health

Dr. Grant Colfax
Director of Health

City and County of San Francisco
London N. Breed
Mayor

Explanatory documents are available at the 25 Van Ness Ave, Suite 500 during regular business hours. If any materials related to an item on this agenda have been distributed to the SDDTAC after distribution of the agenda packet, those materials are available for public inspection at the address above during normal business hours.

RINGING AND THE USE OF CELLPHONES

The ringing of and use of cell phones, pagers and similar sound-producing electronic devices are prohibited at this meeting. Please be advised that the Chair may order the removal from the meeting room of any person(s) responsible for the ringing or use of a cell phone, pager, or other similar sound-producing electronic devices.

KNOW YOUR RIGHTS UNDER THE SUNSHINE ORDINANCE

Government's duty is to serve the public, reaching its decisions in full view of the public. Commissions, boards, councils, and other agencies of the City and County exist to conduct the people's business. This ordinance assures that deliberations are conducted before the people and that City operations are open to the people's review. For information on your rights under the Sunshine Ordinance (Chapters 67 of the San Francisco Administrative Code) or to report a violation of the ordinance, please contact: Sunshine Ordinance Task Force Administrator

City Hall – Room 244 1 Dr. Carlton B. Goodlett Place, San Francisco, CA 94102-4683,
415-554-7724 (Office); 415-554-7854 (Fax), E-mail: SOTF@sfgov.org

Copies of the Sunshine Ordinance can be obtained from the Clerk of the Sunshine Task Force, the San Francisco Public Library and on the City's website at www.sfgov.org. Copies of explanatory documents are available to the public online at <http://www.sfbos.org/sunshine> or, upon request to the Commission Secretary, at the above address or phone number.

LANGUAGE ACCESS

Per the Language Access Ordinance (Chapter 91 of the San Francisco Administrative Code), Chinese, Spanish and or Filipino (Tagalog) interpreters will be available upon requests. Meeting Minutes may be translated, if requested, after they have been adopted by the Family Violence Council/Mayor's Task Force on Anti-Human Trafficking. Assistance in additional languages may be honored whenever possible. To request assistance with these services please contact the Minouche Kandel 415-252-3203, or minouche.kandel@sfgov.org at least 48 hours in advance of the meeting. Late requests will be honored if possible.

DISABILITY ACCESS

Family Violence Council meetings are held in room 617 at 400 McAllister Street in San Francisco. This building is accessible to persons using wheelchairs and other assistive mobility devices.

Mayor's Task Force on Anti-Human Trafficking meetings are held in Room 305 at City Hall, 1 Dr. Carlton B. Goodlett

Place in San Francisco. City Hall is accessible to persons using wheelchairs and other assistive mobility devices. Ramps are available at the Grove, Van Ness and McAllister entrances.

San Francisco Department of Public Health

Dr. Grant Colfax
Director of Health

City and County of San Francisco
London N. Breed
Mayor

Assistive listening devices, American Sign Language interpreters, readers, large print agendas or other accommodations are available upon request. Please make your requests for accommodations to Minouche Kandel (415) 252-3203, or minouche.kandel@sfgov.org. Requesting accommodations at least 72 hours prior to the meeting will help to ensure availability.

LOBBYIST ORDINANCE

Individuals and entities that influence or attempt to influence local legislative or administrative action may be required by the San Francisco Lobbyist Ordinance [SF Campaign & Governmental Conduct Code 2.100] to register and report lobbying activity. For more information about the Lobbyist Ordinance, please contact the San Francisco Ethics Commission at 25 Van Ness Avenue, Suite 220, San Francisco, CA 94102, (415) 252-3100, FAX (415) 252-3112, website: sfgov.org/ethics.

Description of intended purpose from Mayor's Budget
Community-Based Grants: Funding to issue grants to CBOs for programs and services in the following areas (1) Health Education, (2) Physical Activity, (3) Food Access, and (4) a Media/Awareness Campaign.
School Food, Nutrition Education, student-led action: Funding to (1) improve the quality of school meals, (2) support nutrition education, and (3) support student-led efforts to decrease consumption of SSBs and increase awareness around students.
Food Access: Healthy Food Purchasing Supplement
Healthy Retail: Will provide Healthy Store makeovers to 2 additional stores and continue ongoing providing support to 10 stores.
Oral Health school-based: Funding to support oral health in schools, including the cost of sealants.
Oral Health: Funding for Community Task Forces
Infrastructure: To fund a contract through DPH for facilitation and strategic support for the SDDTAC. Will also support research needs, including purchasing of data, and costs at DPH related to the administration of CBO grant program.
Water Access: One-time for the installation of water refilling stations in schools. Also can be used to purchase refillable water bottles for students.
SFRPD: Funding to Rec Park to provide continued support of the Peace Parks program.
Hope SF Peer Enhancements: Fund training and peer wage increases.

London N. Breed
Mayor

	Budget Descriptions: SDDTAC recommends investing in strategies that support mental health and wellbeing and workforce pathways for impacted/priority populations.
COMMUNITY-BASED GRANTS	City Departments should contract directly with CBOs through an RFP process managed through the Community Health Equity and Promotion (CHEP) Branch of the Department of Public Health. CBG should support community-based programs and services that address the health inequities of those most targeted by the beverage industry. Funding should go to Community Based Organizations (CBOs) and Faith Based Organizations (FBOs) for the following strategies:
Health education, food security, physical activity	<ol style="list-style-type: none"> 1. Health Education activities including, chronic disease prevention, healthy eating and active living, tap water promotion, oral/dental health 2. Physical Activity opportunities, including: a) Dance and movement, sports, yoga, walking groups, biking, etc.; b) Efforts to influence changes to the built environment (ie sidewalks, streets, parks, buildings, etc) or safety of the built environment that facilitates increased physical activity and walking and biking for utilitarian trips, sometimes referred to as active transportation); and c) pursuit of institutional or local policies that facilitate physical activity and active transportation (such as adequate PE time and instructors, commuter benefits for active transportation, etc) 3. Healthy Eating/Food Security*, including: a) Community-based pantries, community-based hot meals, community kitchens and community home delivery services; b) Increased financial resources (i.e. wages, income, government nutrition supplements, vouchers, etc.); c) Changes to the built environment that facilitate food security; and d) Pursuit of institutional or local policies that facilitate food security. 4. Water Promotion, such as support for Spa Water Supplies, station maintenance/beautification, refillable water bottles to distribute to communities, water testing 5. Community Based Participatory Research
CBOs working with SFUSD	7% of all CBO funding (eg 7% of approximately \$4.3 million) should go towards CBOs implementing programs/initiatives that take place in school settings. Funding to issue grants to CBOS should follow the guidelines above.
SFUSD	To improve the quality and appeal of school meals and support nutrition education to increase participation in school meal programs (for example: cooking and serving equipment, staff professional development, and innovative procurement and menu strategies to increase freshly prepared food). Funding will target schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry.
School Food, Nutrition Ed	
Student Led Action	Support student led efforts to decrease consumption of sugary drinks and increase awareness of sugary drinks consumption among students, with focus on schools with the largest populations of high-risk students that are disproportionately targeted by the sugary drinks industry. SFUSD should provide to SDDTAC a proposal of how funding will be spent through student led action.
Educational Investments	Educational investments that support and strive for professional development in health and wellness across lifespan. Scholarships and other supports in higher education in medical technology and health field careers for Priority Populations and including para professionals.
FOOD ACCESS	Support programs that increase financial resources to purchase healthy food such as vouchers and food purchasing incentives. This investment is meant to support both the communities most impacted by the health consequences of sugary beverage consumption and to support the local economy including local merchants. These funds should be RFPed out to CBOs and FBOs according to the Community Based Grants guidelines.
Healthy Food Purchasing Supplement	
Healthy Retail	Supporting small business to increase healthy food access in high risk and impacted communities and neighborhoods by: 1) supporting business operations; 2) promoting community engagement; and 3) improving the retail environment.

San Francisco Department of Public Health

Dr. Grant Colfax
Director of Health

City and County of San Francisco
London N. Breed
Mayor

ORAL HEALTH Community task forces	Support development of community infrastructure such as oral health community task forces that incorporate diverse stakeholders for outreach, education, and interventions to address the oral health needs of children in high risk populations.
School-based sealant application	Support school-based and school-linked preventive oral health programs within SFUSD schools serving high risk target populations. This should also support SFUSD dedicated oral health staffing.
School-based education and case management	
INFRASTRUCTURE DPH Infrastructure	<p>A. Personnel</p> <p>1) Backbone staffing to support SDDTAC a. A program manager to provide backbone staffing to the SDDTAC, including: i) Staffing full committee and 3 subcommittees in compliance with Sunshine and Brown Acts; ii) Coordinating among city agencies and funded CBOs to promote collective impact; iii) Help guide vision and strategy of SDDTAC, support aligned activities; manage SDDTAC work and timeline; and iv) Working with evaluation team to establish shared measurement practices b. As necessary, manage citywide/soda tax impact media c. Develop/Compile and Manage completion of SDDTAC Annual Report d. Manage SDDTAC biennial nominations process</p> <p>2) Staffing to support DPH SDDT implementation of community based grants a. Manage work of contractors, including: i) develop and implement CBO RFP process; ii) provide technical assistance for CBOs and merchants; iii) promote collective impact in coordination with SDDTAC backbone staff and City Agencies; and iv) work with evaluator and SDDTAC backbone staff to develop and implement evaluation plan and evaluation technical assistance.</p> <p>3) Staffing to support research and evaluation of SDDT impact, including data purchases as necessary a. At least 1.0 FTE epidemiologist; b. Support data analysis for annual report; c. Manage data purchases; d. participate in development and implementation of SDDT evaluation</p> <p>B. Professional services including: i) technical assistance for funded CBO and FBO; ii) evaluation - to implement evaluation framework and evaluate funded city agencies, CBO and FBO, and process evaluations from applicants, and provide evaluation technical assistance; iii) city attorney to provide ongoing technical consultation</p> <p>C. Materials/Supplies for meetings and printing costs</p> <p>D. Training to support staff development</p> <p>E. Data for collection (pricing), analysis (Nielsen) and purchase (IRI)</p>
Evaluation	Additional funds for evaluation may: a. support community based participatory research (ex. street intercept, merchant interview, focus groups) b. develop a system to collect data c. expand technical assistance d. conduct more qualitative evaluation that can help develop stories that describe impact of tax
WATER ACCESS	
Water Access - SFUSD	To install hydration stations at low income schools serving students with health disparities (ex. Bayview, Chinatown, Mission), to elevate the schools to the Silver or Gold standard for hydration stations (i.e. one on each floor, centrally located, and conduct water education). Funds may support purchase of Spa Water Supplies, station maintenance and beautification, refillable water bottles to distribute to students, water testing.

San Francisco Department of Public Health

Dr. Grant Colfax
Director of Health

City and County of San Francisco
London N. Breed
Mayor

Water Access - Public Spaces	To install or upgrade existing hydration station(s) in public spaces that target high-risk populations that are disproportionately targeted by the sugary drink industry (community identified public spaces). This funding should support high-quality, visually appealing, stations that can serve as a highlighted example of the potential for hydration stations. This can include beautifying and optimizing current station(s) or creating new one(s).
SF RECREATION & PARKS	
Peace Parks	Peace Parks programming to serve priority populations
SVIP Funding: Peace Parks Transportation	Transportation for Peace Park participants
REQUITY: Outreach, Scholarships, recreation equity	Scholarships and programming for priority populations
BREASTFEEDING	To fund a breastfeeding coalition to organize collective efforts across San Francisco to enable increased breastfeeding among Priority Populations. This coalition will mobilize action on policy, systems, and environmental (PSE) changes to increase breastfeeding rates and duration, leveraging community strengths and tackling structural barriers to reduce inequities to breastfeeding support. This would include funding for backbone support to: to engage community stakeholders in a strategic planning and engagement process to develop a framework for short and long terms goals embedded in principles of equity; help align breastfeeding support services in San Francisco including hospital, outpatient, and community based services to improve access to breastfeeding support; and provide technical assistance to partnering agencies (such as child care centers and businesses with less than 50 employees) to operationalize and implement breastfeeding friendly policies and practices.

* Funding should support programs and services that increase financial resources to purchase healthy food; access to healthy fruits and vegetables while minimizing processed foods for high-risk communities; foods that are affordable and convenient; and programs that support the consumption of healthy foods including the ability to prepare and store meals and the knowledge of basic nutrition, food safety and cooking. Priority programs should incorporate a community-based food security perspective and have demonstrated increased ability of food insecure residents to purchase, access, and consume consumption of healthy, fresh, low-to-no cost and culturally appropriate foods, including but not limited to food vouchers/incentives, transportation and delivery and prepared foods.

ONGOING ADDBACKS FROM FY 2017-2018

PROGRAM	DEPARTMENT	DESCRIPTION	
Food Security – Healthy Food Purchasing Supplement	DPH	Maintain current service levels: Vouchers and education to increase consumption and access to nutritious foods by increasing the ability of low income residents to purchase fruits and vegetables at neighborhood vendors and farmers’ markets in collaboration with DPH Healthy Retail Program.	50,000
Healthy Corner Store Retail	ECN	Promoting corner stores and markets to sell healthy products as opposed to sugary beverages, etc.	60,000

San Francisco Department of Public Health

Dr. Grant Colfax
Director of Health

City and County of San Francisco
London N. Breed
Mayor

Food Security – Home Delivered Meals (HDM)	HSA	Address current waitlist: Delivery of nutritious meals, a daily-safety check/friendly interaction to homebound seniors/adults with disabilities who cannot shop or prepare meals themselves. Many providers offer home assessments/nutrition education/counseling.	477,000
Food Security – Congregate Lunch Meals	HSA	Address current waitlist: Daily, hot, nutritious meals for seniors/adults with disabilities	220,000
Senior Fitness	HSA	Senior fitness programming at IT Bookman and George Davis	200,000
Congregate Meal Program	HSA	Congregate Meal Program A	75,000
Congregate Meal Program	HSA	Congregate Meal Program B	75,000
		TOTAL	1,157,000

*The Board of Supervisor’s made a series of addbacks in the FY 17-18 budget. When the Board of Supervisors makes changes to the Mayor’s budget, some of these changes are “addbacks” denoting the Board’s decision to add funds back for a particular service. Addbacks become part of an agency’s baseline budget.
