BOARD MEMBERS ON LEAVE:

BOARD MEMBERS ABSENT: [Supervisor Mark Farrell](#).

OTHERS PRESENT: Helynna Brooke (MHB Executive Director); Loy M. Proffitt (Administrative Manager); and **no** additional members of the public.

CALL TO ORDER

Ms. Chien called the meeting of the Mental Health Board to order at 9:40 AM.

ROLL CALL

Ms. Brooke called the roll.

AGENDA CHANGES

[none](#)

Ms. Chien suggested board members reflect back on 2016 events. She said that the PowerPoint presentation for this board retreat is attached at the end of the minutes.

ITEM 1.0 GETTING TO KNOW YOU ICEBREAKER.

1.1 Getting To Know You Icebreaker

Ms. Thakore-Dunlap and **Ms. Drummond** co-led the spider-web metaphor activity. Each participant standing in a circle received the ball of yarn from a person across from them. Holding the yard to form a vertex, each member took turns and sharing their personal strengths. Then each member verbalized how their strength has contributed to their work with the Mental Health Board.

ITEM 2.0 OVERVIEW OF BOARD'S ACCOMPLISHMENTS

Three committee chairpersons shared their committee accomplishments: Identifying barriers to Behavioral Health Services Committee, Dr. Stevens; Impact of Community Violence on Behavioral Health Committee, Ms. Thakore-Dunlap; Access to Behavioral Health Services For People Who Are Homeless Committee, Mr. Porfido; respectively.

Other board members took a turn to share various board activities in 2016 from performing program reviews, meeting the board of supervisors, passing resolutions, to commending five extraordinary programs and services in Behavioral Health Services.

2.2 Public Comment

[No public comments.](#)

ITEM 3.0 board responsibilities, Sunshine and board protocols

Brief overview of the California legislative mandate for Mental Health Board duties and responsibilities; Robert's Rules of Order.

Mr. Weinroth and **Ms. James** led the discussion on the board responsibilities according to the State of California and San Francisco County and City ordinances.

3.1 Public Comment

[No public comments.](#)

ITEM 4.0 TURNING RESOLUTIONS INTO ACTION PLANS, MOBILE WELLNESS VAN DISCUSSION

Dr. David Elliott Lewis shared that he would like to see the unanimously approved Mobile Wellness Vans resolution materialized into action for San Francisco. He volunteered to chair the Mobile Wellness Vans Committee in 2017.

The committee members are Ms. Drummond, Ms. Pon, Mr. Slota, Ms. Thakore-Dunlap, Ms. Tesconi, Mr. Weinroth, and Mr. Wong.

4.1 Public comment

[No public comments.](#)

ITEM 5.0 NEW IDEAS FOR 2017

Discussion about needs, priorities and goals for San Francisco Behavioral Health Services and specific areas the Mental Health Board will focus on for 2017.

Ms. Pon led the New Ideas for 2017 discussion & board members came up with three general new ideas.

1. Expand peer support
2. Vulnerable populations need basic wrap around services such as shelter, supportive housing, nutritional food, long-term care, outreach to depressed shut-in seniors, after-school services for teens, and transportation to appointments.
3. Educating the public about behavioral health stigma

5.1 Public comment

[No public comments.](#)

ITEM 6.0 DEVELOPMENT OF PRIORITIES AND COMMITTEES FOR 2017

Discussion and development of key priorities for the year and committee selection to develop agenda items.

Ms. Bohrer started the Development of Key Priorities for the Year and Committee for 2017 discussion with a review of a proposed Strategic Plan for 2017. She proposed that the focus be objectively driven rather than goal driven.

Ms. Chien suggested a major theme that could unify multiple ideas/issues/priorities and allow flexibility for the board to explore these ideas/issues/priorities both in-depth and in breadth for 2017. For example, she would like to see the continuum of care as a major theme. This would allow the board the flexibility to explore the ideas/issues/priorities like “warm hand-offs” for individuals discharged from jail in order to receive behavioral health services. Discharged clients from the jail system would receive services and treatment from the community based providers in a timely fashion. There should not be a long wait period to connect them to their case managers in the community, housing and social services, and treatment needs. In addition, under the big umbrella of “continuum of care,” she would like to include cultural competency in the delivery of the care services -- that services and treatment have to be delivered in a culturally affirmative manner.

Ms. Chien and **Ms. Drummond** suggested the board become more pro-actively involved at the policy level with department of the public health officials during the 2017 mega RFP (request for proposals) for adult and older services.

Ms. Chien would like to see that adult and older adult services providers demonstrate their flexible policies in their submitted mega RFP's for treatment on demand in order to ensure clients with dual diagnosis simultaneously obtain mental health services and substance use disorder care timely and holistically. For example, in an on-demand treatment situation, a client with dual diagnosis should receive immediate treatment for both mental health and substance abuse conditions either within the same clinic or linked to a substance use disorder partnership program.

She would like to see improvement in providing treatment for walk-in clients be available in a 24/7 program.

Ms. Virginia S. Lewis suggested that the DPH can ameliorate psychiatrist shortages by utilizing private psychiatric practitioners.

Ms. Chien and **Ms. Bohrer** suggested board members consider a two-year goal and action plan to ensure adequate time for accomplishing the board's goals.

The board agreed to form four committees in 2017 with the following chairpersons to develop goals.

1. **Continuum Of Care Committee** will be chaired by Dr. Harriette Stevens
2. **Senior Committee** will be chaired by Mr. Gene Porfido
3. **YOUTH & Transitional Age Youth (TAY)** will be chaired by Ms. Ulash Thakore-Dunlap
4. **Mobile Wellness Vans Committee** will be initially chaired by Dr. David Elliott Lewis

6.1 Public comment

No public comments.

7.0 CLOSING

Ms. Virginia S. Lewis closed out the meeting and shared that she will term out in January 2017. However, she will remain a strong advocate for behavioral health services

She started in the field of ecology. She did work with Assisted Outpatient Treatment. She became a political activist when she became involved with the Physician Organizing Committee.

7.1 Public comment

No public comments.

Adjourned at: 4:00 PM

No votes will be taken on any at the Retreat. All issues arising at the Retreat which require a vote of the Board will be placed on the agenda for the regular meeting of the Board on January 20, 2017. For further information, please call the office at 415-255-3474.
