2.0 REVIEW NOTES FROM BOARD MEETING AND RETREAT

For discussion

2.1 Review notes from board meeting and retreat.

The committee worked on clarifying the two different roles for the two committees, information gathering and implementation. Both committees would do program reviews and research issues but the Implementation Committee would focus more on aggregating the information to use to write resolutions to share with BHS staff and the Board of Supervisors. The Information Gathering Committee would bring information to the Implementation Committee to use to write resolutions. When bringing resolutions to the Board of Supervisors, it was suggested that a sponsor be determined as well as locating others who would advocate along with the board.

It was suggested that the committee provide a general announcement to the Executive Committee regarding its intent and strategy.

Mr. Weinroth proposed writing resolutions focused on consumers.

Ms. Drummond would be able to interview supervisors on her radio show.
