The passage of Proposition 63 (now known as the [Mental Health Services Act](#) or MHSA) in November 2004, provides increased annual funding to support county mental health programs. The Act addresses a broad continuum of prevention, early intervention and service needs and the necessary infrastructure, technology and training elements that will effectively support this system. This Act imposes a 1% income tax on personal income in excess of \$1 million. One of the requirements of the Act is that the county must provide annual updates as well as hearings for changes in the way the county implements the funding.
