## Changes to the Agenda:

### PUBLIC COMMENT

**1.0 BUSINESS** – Governor's Care Court Proposal: Discussion and possible action – Please see Co-Chair Banuelos's public comment

"To Whom It May Concern,

I first want to say I applaud the idea of novel approaches in dealing with the population CARE Court targets. That said, I believe the program design outlined on the CalHHS website looks good EXCEPT for one very large hole.

Nothing is mentioned in this framework about people whose MH issues are possibly connected to their substance use. The percentage of this targeted population who also have a substance use (SU) issue is at least 50%. If there are no guidelines for concomitant SU issues, the population Care Court addresses will be very small; there will only be a minor reduction in the streets of those this initiative is meant to address. It risks giving the public the perception that government, state and local, cannot address the problems of this population.

In San Francisco, due to the goodwill of its citizens and government, there is significant funding for Behavioral Health Services, targeting both Mental Health and Substance Use disorders. Having spent 33 years in the SF Department of Health, I've learned it is not just having the resources that is important. It's figuring out novel and efficient ways to utilize those resources. Please address the issue of concomitant SU disorders in the initiative's framework.

Please note I am currently on the San Francisco Behavioral Health Commission, but these views are my own and not necessarily those of the commission.

Thank you for taking my comments.

Stephen Banuelos, LCSW Retired  
SF Behavioral Health Commission, Co-Chair"

**BEHAVIORAL HEALTH COMMISSION  
RESOLUTION MAKING FINDINGS TO ALLOW TELECONFERENCED  
MEETINGS UNDER CALIFORNIA GOVERNMENT CODE SECTION  
54953(e)**

WHEREAS, California Government Code Section 54953(e) empowers local policy bodies to convene by teleconferencing technology during a proclaimed state of emergency under the State Emergency Services Act so long as certain conditions are met; and

WHEREAS, In March, 2020, the Governor of the State of California proclaimed a state of emergency in California in connection with the Coronavirus Disease 2019 (“COVID-19”) pandemic, and that state of emergency remains in effect; and

WHEREAS, In February 25, 2020, the Mayor of the City and County of San Francisco (the “City”) declared a local emergency, and on March 6, 2020 the City’s Health Officer declared a local health emergency, and both those declarations also remain in effect; and

WHEREAS, On March 11 and March 23, 2020, the Mayor issued emergency orders suspending select provisions of local law, including sections of the City Charter, that restrict teleconferencing by members of policy bodies; those orders remain in effect, so City law currently allows policy bodies to meet remotely if they comply with restrictions in State law regarding teleconference meetings; and

WHEREAS, On September 16, 2021, the Governor signed AB 361, a bill that amends the Brown Act to allow local policy bodies to continue to meet by teleconferencing during a state of emergency without complying with restrictions in State law that would otherwise apply, provided that the policy bodies make certain findings at least once every 30 days; and

WHEREAS, While federal, State, and local health officials emphasize the critical importance of vaccination and consistent mask-wearing to prevent the spread of COVID-19, the City’s Health Officer has issued at least one order (Health Officer Order No. C19-07y, available online at [www.sfdph.org/healthorders](http://www.sfdph.org/healthorders)) and one directive (Health Officer Directive No. 2020-33i, available online at [www.sfdph.org/directives](http://www.sfdph.org/directives)) that continue to recommend measures to promote physical distancing and other social distancing measures, such as masking, in certain contexts; and

WHEREAS, The California Department of Industrial Relations Division of Occupational Safety and Health (“Cal/OSHA”) has promulgated Section 3205 of Title 8 of the California Code of Regulations, which requires most employers in California, including in the City, to train and instruct employees about measures that can decrease the spread of COVID-19, including physical distancing and other social distancing measures; and

WHEREAS, Without limiting any requirements under applicable federal, state, or local pandemic-related rules, orders, or directives, the City’s Department of Public Health, in coordination with the City’s Health Officer, has advised that for group gatherings indoors, such as meetings of boards and commissions, people can increase safety and greatly reduce risks to the health and safety of attendees from COVID-19 by maximizing ventilation, wearing well-fitting masks (as required by Health Officer Order No. C19-07), using physical distancing where the vaccination status of attendees is not known, and considering holding the meeting remotely if feasible, especially for long meetings, with any attendees with unknown vaccination status and where ventilation may not be optimal; and

WHEREAS, On July 31, 2020, the Mayor issued an emergency order that, with limited exceptions, prohibited policy bodies other than the Board of Supervisors and its committees from meeting in person under any circumstances, so as to ensure the safety of policy body members, City staff, and the public; and

WHEREAS, The Behavioral Health Commission has met remotely during the COVID-19 pandemic and can continue to do so in a manner that allows public participation and transparency while minimizing health risks to members, staff, and the public that would be present with in-person meetings while this emergency continues; now, therefore, be it

RESOLVED, That the Behavioral Health Commission finds as follows:

1. As described above, the State of California and the City remain in a state of emergency due to the COVID-19 pandemic. At this meeting, the Behavioral Health Commission has considered the circumstances of the state of emergency.
2. As described above, State and City officials continue to recommend measures to promote physical distancing and other social distancing measures, in some settings.
3. As described above, because of the COVID-19 pandemic, conducting meetings of this body and its committees in person would present imminent risks to the safety of attendees, and the state of emergency continues to directly impact the ability of members to meet safely in person; and, be it

FURTHER RESOLVED, That for at least the next 30 days meetings of the Behavioral Health Commission and its committees will continue to occur exclusively by teleconferencing technology (and not by any in-person meetings or any other meetings with public access to the places where any policy body member is present for the meeting). Such meetings of the Behavioral Health Commission and its committees that occur by teleconferencing technology will provide an opportunity for members of the public to address this body and its committees and will otherwise occur in a manner that protects the statutory and constitutional rights of parties and the members of the public attending the meeting via teleconferencing; and, be it

FURTHER RESOLVED, That the staff of the Behavioral Health Commission is directed to place a resolution substantially similar to this resolution on the agenda of a future meeting of the Behavioral Health Commission within the next 30 days. If the Behavioral Health Commission] does not meet within the next 30 days, the staff is directed to place a such resolution on the agenda of the next meeting of the Behavioral Health Commission.

The purpose of the BHC is to:

Facilities utilized out of the City to serve San Francisco residents with behavioral health needs, such as state hospitals and residential treatment programs, may be included in reviews and evaluations.

4. Request assistance, when needed, from the local patients’ rights advocates when reviewing and advising on behavioral health evaluations or services provided in public facilities with limited access.
5. Review and approve the procedures used to ensure citizen and professional involvement at all stages of the planning process. Involvement shall include individuals with lived experience of mental illness and their families, community members, advocacy organizations, and mental health professionals. It shall also include other professionals that interact with individuals living with mental illnesses on a daily basis, such as education, emergency services, employment, health care, housing, law enforcement, local business owners, social services, seniors, transportation, and veterans.

6. Review the procedures used to ensure the involvement of interested members of the behavioral health community and the public in the development of the budget for behavioral health services and report on its findings to the BOS.
7. Submit, in June, an Annual Report to the Director of BHS and MHSF and BOS on the needs and performance of the City's behavioral health system.
8. Review and make recommendations on applicants for the appointment of Director of BHS and MHSF. The BHC shall be included in the selection process prior to the selection of a person to fill this position.
9. Review and comment on the City's performance outcome data and communicate its findings to the California Behavioral Health Planning Council and/or other any other state designated agency that gathers such data. All such communications may be reported to the BOS, the Health Commission, DPH, and the Director of BHS and MHSF.
10. Assess the impact of the realignment of services from the State to the City on services delivered to clients and on the local community.
11. Conduct a public hearing on the draft MHSA three-year program and expenditure plan and annual updates at the close of the 30-day comment period as required by Cal. Welfare and Institutions Code § 5848, subsection (a). Each adopted plan and update shall include any substantive written recommendations for revisions. The BHC shall review the adopted plan or update and make recommendations to the Director of BHS and MHSF for revisions.
12. Work collaboratively with other interested groups on issues of mutual concern.
13. Comply with all applicable laws, including but not limited to the Ralph M. Brown Act (Cal. Government Code §§ 54950, *et seq.*) and the San Francisco Sunshine Ordinance (S.F. Administrative Code §§ 67.1, *et seq.*) in publishing notices, agendas, and minutes and carrying out its operations and functions. Where publication or posting on a website is required, the BHC shall use the Department of Public Health's website, or another website designated by the Department of Public Health.

### **ARTICLE III – MEMBERSHIP**

The membership of the Behavioral Health Commission shall be as follows:

1. Consistent with Cal. Welfare and Institutions Code § 5604(a) and S.F. Administrative Code § 15.12, the number of members on the Behavioral Health Commission of San Francisco shall be 17.

2. The BHC shall ensure the composition of the Commission represents and reflects the diversity and demographics of the City as a whole, to the extent feasible.

3. The activities and affairs of individual members of the Commission, acting as Commission members, shall be conducted, and powers exercised, by and under the direction of the BHC and these Bylaws.

4. Except for the BOS member, the term of each member of the BHC shall be three years. All member terms shall be reset to begin at noon on January 1, 2021. Thereafter, members' terms shall be staggered as determined by the Clerk of the Board of Supervisors by no later than December 31, 2020. The Clerk of the Board of Supervisors shall determine by lot the initial terms for all 17 seats. Five seats shall have an initial one-year term expiring January 1, 2022, six seats shall have an initial two-year term expiring January 1, 2023, and six seats shall have three-year terms expiring January 1, 2024. After the initial terms expire, subsequent terms for all seats shall be three years.

5. No member shall serve more than two consecutive full terms. A member shall be deemed to have served a full term only if the member serves at least half of a full term. For the purpose of this term limit, the terms ending January 1, 2021, and the initial terms beginning January 1, 2021, shall count as full terms. Provided however, that a member whose term ends January 1, 2021, and who has served for six (6) months or less, will not be deemed to have served a full term under this subsection (b). The term of office of a member appointed by an individual BOS member is not affected by the Board of Supervisors member no longer continuing in that office.

6. The BHC serves in an advisory role to the BOS, and one member of the BOS shall be a member of the BHC.

7. Nine of the seats on the BHC shall be reserved for consumers, or the parents, spouses, siblings, or adult children of consumers, who are receiving or have received behavioral health services. At least four of the nine seats shall be held by consumers, and at least four of these seats shall be held by family members of consumers. Family members may include consumers' domestic partners and significant others.

8. One member of the BHC shall be a child advocate (a family member or consumer advocate for minors who use mental health services); one member shall be an older adult advocate (a family member or consumer advocate for persons 60 years of age or older who use mental health services); and two members shall be from the following professions: psychiatry, psychology, mental health social work, nursing with a specialty in mental health, marriage and family counseling, psychiatric technology, or

administrator of a hospital providing mental health services or of a community mental health facility.

9. For the remaining BHC seats, the BOS is encouraged to appoint individuals who have experience with and knowledge of the behavioral health system. This includes members of the community that engage with individuals living with a behavioral health condition in the course of daily operations, such as representatives of offices of education, large and small businesses, hospitals, physicians practicing in emergency departments, police chief, sheriffs, and community and nonprofit service providers.

11. A consumer of behavioral health services who has obtained employment with an employer described above, and who holds a position in which the consumer does not have any interest, influence, or authority over any financial or contractual matter concerning the employer may be appointed to the BHC. The Commissioner shall abstain from voting on any financial or contractual issue concerning the member's employer that may come before the BHC.

12. BHC Commissioners shall abstain from voting on any issue in which the member has a financial interest as defined in Cal. Government Code § 87103.

14. A leave of absence may be granted for up to four months with prior approval from the Executive Committee.

15. In cases of medical illness, family emergency or other exigency, the Executive Committee may retroactively grant leave, as necessary.

16. The BHC may grant leaves of absence for one or more meetings. Upon determining that a member has been absent for four meetings in a 12-month period and that no leave of absence had been granted for these meetings, the BHC shall provide written notification to the BOS. Upon receipt of the notification, the position shall be deemed vacant. 17. The BHC may vote to excuse an absent member from a BHC meeting. Whenever the BHC does not take such a vote, then the minutes of the meeting from which the member is absent shall note that the absence is unexcused. Regular attendance at the BHC meetings is critical to the BHC's ongoing success.

18. The Commission may recommend to the BOS that a member be removed from the BHC on the grounds that the member's conduct is seriously disruptive of the functioning of the BHC. Once the BHC makes such a recommendation, the Board of Supervisors may remove a member from the BHC if it determines that the member's conduct is seriously disruptive of the functioning of the BHC.

19. No Commissioner shall be compensated for duties performed as a member of the BHC. Notwithstanding the previous sentence, a Commissioner may be reimbursed for the actual costs of attending meetings, conferences, or similar gatherings if attendance at the meeting, conference or similar gathering is approved in advance in writing by the BHC Chair.

**Resolution Urging the San Francisco City and County, Mayor, Board of Supervisors, The Departments of Public Health, and Homelessness and Supportive Housing to Invest Funds To Improve The Standard and Quality of Behavioral Health Services Provided by The City and County of San Francisco to Improve Equitable Access, Services Quality, Transparency, Facility and Staff Standard and Improve Departments Oversight and Quality Control Infrastructure.**

Whereas, Permanent supportive housing residences provide behavioral health services and case management to vulnerable populations; and

Whereas, The people residing in these buildings often have behavioral health issues, are very low income and rarely have other housing options; and

Whereas, Permanent housing buildings require that building owners and operators have contracts with property management services to collect rents and oversee building maintenance and repairs; and

Whereas, It is contractually necessary for property management services and City and County of San Francisco funded case management and behavioral health services provided in these buildings to maintain a separation of duties; and

Whereas, It has been reported that supportive service staff are violating the 1996 Health Insurance Portability and Accountability Act (HIPAA), which protects the privacy of their clients; and

Whereas, Facilities in San Francisco that provide behavioral health services are in much need of repairs due to constant building malfunctions, proper facility size, and the inequitable distribution of facility resources per district, showing a need for better oversight of the physical infrastructure where services are provided to ensure proper maintenance and health regulation; and

Whereas, Some of these residences are in varying states of neglect and disrepair with incidents of mold, structural damage, missing or broken fixtures and appliances, vermin infestation, and outdated and potentially hazardous plumbing, electrical, and mechanical systems with rusty pipes and brown water; and

Whereas, After seeking resolution with case management, some residents have escalated their concerns through the designated channels and still fear retaliation for voicing their concerns around building conditions and property management practices; and

Whereas, Males significantly outnumber females in the majority of the permanent housing residences, and many female residents have expressed feeling unsafe, and cite incidents of severe bullying and direct threats of harm; and

Whereas, It has been reported that HSH and DPH are slow to, and often fail, to respond to community and stakeholder requests and information; and

Whereas; While San Francisco currently has workforce housing programs for vital employees of San Francisco such as teachers and law Enforcement Employees, these programs do not cover employees of Behavioral Health Services and housing providers, which, if extended to those employees, could aid in incentivizing employment in City-funded Behavioral Health Services and housing services, rooted in the communities they live in and serve; and

Whereas, According to Dr. Marlo Simmons, based on data from 11/12/20 on the total current vacancies for Behavioral Health Services positions, there are a total of 113 Vacancies (90 prioritized and moving through the hiring process, 23 vacant and not yet prioritized), that is 17.38% of BHS Positions Vacant (of the 650 who report to BHS), of which vacant positions, 9 are in the Senior Psychiatric Physician (2242 / 2243) job class, 37 are in the Behavioral Health Clinician (2930) job class, and 6 are in the Senior Behavioral Health Clinician (2932) job class; now, therefore, be it

Resolved, That the BHCSF of San Francisco thanks the Mayor, Board of Supervisors, Department of Public Health (DPH), and Department of Homelessness and Supportive Housing (HSH) of the City and County of San Francisco for their consistent commitment to bringing funds into the fold in the City's struggle for behavioral health services that tackle the problems and issues everyday San Franciscans face in terms of their behavioral health, and key environmental factors impacting their behavioral health such as homelessness and access to housing; and, be it

Further Resolved, That residents of permanent supportive housing need an entity, agency, or City department where their grievances can be heard and addressed; and, be it

Further Resolved, That the Behavioral Health Commission of San Francisco urges the City and County of San Francisco, Mayor, Board of Supervisors, DPH, and HSH to find ways to improve their oversight and accountability infrastructure to better oversee and monitor all behavioral health programs offered by the City and County of San Francisco; and, be it

Further Resolved, That the Behavioral Health Commission of San Francisco (BHCSF) urges the City and County of San Francisco to develop a system of oversight and accountability for buildings providing permanent supportive housing to people with behavioral health challenges; and, be it

Further Resolved, That even with separate responsibilities and legal requirements between case management services and property management, it is essential that this mutual exclusivity does not result in unsafe or unnecessarily stressful conditions for residents; and, be it

Further Resolved, That the BHCSF of San Francisco urges the City and County of San Francisco, Mayor, Board of Supervisors, DPH, and HSH to expand the City's workforce housing programs to include Behavioral Health Services providers and other employees working under HSH and DPH to incentivize employees to live in the communities they work for and improve the quality of services provided by HSH and DPH employees; and, be it

Further Resolved, That the BHCSF urges HSH and DPH to make information accessible to the public around behavioral health and housing services and improve community outreach and advertisement for behavioral health and housing services, and make information accessible to all who request it as seamlessly as possible; and, be it

Finally Resolved, That the BHCSF urges the city and county of San Francisco Mayor, Board of Supervisors, DPH, and HSH to allocate funds to improve staff standards and quality, hire more behavioral health services staff to meet the increasing demand for services, and ensure that those programs are being offered and operated with high-quality standards and quality of life.
