2018 San Francisco Food Security Report
Table of Contents

- Letter from the Task Force .......................................................... 4
- About the Task Force .................................................................. 5

Section 1: Executive Summary ......................................................... 6

Section 2: Overview of food insecurity in SF and connection to health outcomes

  Forward Looking Developments ..................................................
  Healthcare Integration

Section 3: Policy Framework & System Priorities for 2018 ......................

Section 4: Get involved/Take action .................................................

Section 5: San Francisco Data and District Profiles .............................. 11

NOTE: Map (s) and graphics to illustrate data
1. Orientation to data
   a) food programs and sponsors
   b) Variables in report (demographic and food program)
2. Summary list of Actionable Recommendations (Resources, Access, Consumption)
3. All district chart with quantitative data (see list of variables and data sources attached)
4. City and District Profiles
   a) City wide Profile
      i) Demographic and food program data chart
      ii) Explanation of City wide data
      iii) Infographic of top 5-10 takeaways/ challenges
      iv) Actionable Recommendations for SF (Resources, Access, Consumption)
   b) District 1 (list neighborhoods)
      i) Demographic and food program data chart
      ii) Explanation of district data
      iii) Infographic of top 5 takeaways/ challenges
      iv) Recommendations key to this district
   c) District 2 (list neighborhoods)
      i) Demographic chart
      ii) Explanation of district data
      iii) Infographic of top 5 takeaways/ challenges
      iv) Recommendations key to this district
   d) “ ” for all districts

Section 6: A Network of Food Programs ............................................. 12
1) Food Resources
   a) CalFresh
   b) WIC
   c) Voucher programs

2) Food Access
   a) Pantry Network
   b) School Meals
   c) After School Meals and Summer Meals and Snacks
   d) Home-Delivered Groceries, Home-Delivered Meals, and Congregate Meals
   e) Free Dining Rooms
   f) Food Retail and the Healthy Food Retail Program
   g) SROs and Kitchens

3) Food Consumption
   a) Nutrition Education

Section 7: Miscellaneous
   1) Glossary of Useful Terms
   2) Endnotes
   3) References
   4) List of maps, graphs and tables

Section 8: Appendices
   1) FSTF Screening Recommendations

❖ List of task force members and other acknowledgements

NOTE – Client stories throughout
Letter from the Task Force (1 page)

- Frame - food security = poverty, impacts health
- Public private collaborations and partnerships address problem
- Collaborative development of report
- Purpose of the report and how to use it
- Progress since last report (how has food insecurity changed and the city’s response)
  - Expanded funding, FS screening
- What’s new
- Current challenges and opportunities
- Call to join work

About the Task Force (1 page)

- background
- Resolution and updates (should the matrix be updated?)
- next steps

Section 1: Executive Summary

(the Ex. Summary will be 1-2 pages overview of aspects of the report)

1) Opening statement
2) Purpose of the report
3) Describe the process through which the report was created
   a. Data process
      i. Collection of food program data
      ii. Incorporation of Health data
      iii. Workgroup meetings
   b. Mini report process
      i. Interviews
      ii. Co-writing
   c. Recommendation generation process
      i. Workgroup meetings
      ii. Task Force-wide voting and review
4) High-level introduction to key sections
   a. Description of food insecurity, poverty and health
   b. District and data profiles
      i. City-wide
      ii. Districts 1-11
   c. Programmatic reports
      i. Access
      ii. Resources
      iii. Consumption
Section 2: Overview of food insecurity in SF 
and health impacts (this section will be 5-7 pages)

1) What is food insecurity and why do we have it and why is it important?
2) Food insecurity in San Francisco
   a. Discussion of scope and scale of food insecurity in SF
      i. Poverty, cost of living, self-sufficiency index, Gini index
   b. Special populations to consider
3) Impact of food insecurity on health and health inequities
   a. Discussion of health impacts of food insecurity
   b. Review of health data and how to use it
   c. Need for incorporation of considerations of health inequities into analyses of
      food program and into program development
4) What is available to address food insecurity (network of food programs) and what
   are the gaps?
5) What is needed

Forward Looking Developments

Healthcare Integration
Section 3: Policy Framework & System Priorities for 2018

San Francisco Food Security Task Force

Policy Framework & System Priorities 2018

On December 10th 2013, the San Francisco Board of Supervisors passed a Resolution committing to a Food Secure and Hunger Free San Francisco by 2020.

As a City, we are committed to addressing hunger and food security through budget investments, innovative program changes and public policy. Below are recommendations towards achieving our united goal.

Food Security Rests on Three Pillars - The following three elements, adapted from the World Health Organization’s pillars of food security, are used as a framework for evaluating food security in San Francisco.

- **Food Resources** - Sufficient financial resources to purchase enough nutritious food (CalFresh, WIC, SSI)
- **Food Access** - Access to affordable, nutritious and culturally appropriate foods (from food pantries, meal programs, food retail)
- **Food Consumption** - Ability to prepare healthy meals and the knowledge of basic nutrition, safety and cooking (usable kitchens, nutrition education)

#1. Attain Sustainable Funding and Infrastructure Investments to Eliminate Waitlists and Other Barriers to Services.

- Leverage and align city-wide funding sources to maintain and expand nutrition services and increase the capacity of nutrition programs.
- Support investments in infrastructure and capital improvements to keep structures and operations safe and robust. For example, financial support is critical for nonprofit
programs developing larger capacity commercial kitchens, and for more neighborhood
and residential kitchens.
• Invest in technology so that healthcare providers can identify whether patients are food
insecure and provide access to nutrition programs through a client-centered, care-
coordinated system that addresses malnourishment and isolation.

#2 Develop a Client-Centered Approach to Nutrition Services.
• Develop a broader, care-coordinated and client-centered approach to nutrition by
integrating health care, public health and social services.
• Transform the food safety net into a user-friendly, care-coordinated system that
maximizes available resources.

#3 Endorse Food Security Values and Accountability to Secure the Food Safety Net System.
• Include measurements that address food security on San Francisco’s on-line
Performance Scorecard that provides the public with data-driven assessments of
government services and overall city performance.
• Evaluate the client experience when accessing the food safety net system.
• Analyze the health benefits from local food security interventions, including evaluating
the impact on reducing health care expenditures and/or preventable emergency
medical services.
• Galvanize stakeholders to create a unified, city-wide campaign to end hunger in San
Francisco to impact public policy and budget investments.
• Ensure that access to safe, nutritious, and culturally acceptable food is a basic human
right and that adequate resources are allocated to ensure that all San Franciscans are
food secure and hunger free.
• Ensure that policies related to food systems prioritize principles of food justice. Food
justice supports communities having power over resources, as well as ownership over
decision-making and promotes growing, selling and eating healthy food that is
affordable, fresh nutritious, culturally-appropriate and grown locally with care for the
well-being of the land, workers, and animals.
Section 4: Get involved

Note: This page will emphasize graphic design and iconography. The text that follows is a placeholder. What actionable resources can we offer readers? Should be websites, phone numbers, or similar. If there is no central repository, consider deleting.
