

School Pantries – Summer Options

Temporary Closures

- Some schools will temporarily close for 1-2 weeks, reopen during the summer in June and July, and then close again until the fall.
- Although these schools remain open for part of the summer, the staff/volunteer during the summer may not be the same as those during the school year. Food Bank staff will typically need to assist these pantries with their “summer restarts” and potential delivery changes.
- Stats on schools with temporary closures by neighborhood:
 - Bernal Heights
 - Paul Revere ES (cluster w/ Junipero Serra ES via summer program)
 - 2 school closed until the fall
