In summary, the proposal was:</p> <ul style="list-style-type: none"> <li>• Have odd number of seats</li> <li>• Add Office of Racial Equity</li> <li>• Remove 1 DPH seat so that DPH has only 1 seat</li> <li>• Add more dedicated seats for members of the public / experience of food insecurity.</li> </ul> <p>Task force members comments include: increase the connection with high school students and other communities especially seniors; be more intentional and specific with membership seats; include impacted communities (look at the example of the Mental Health Board); need to follow up on providing stipends and whether it would be counted as earned income; may need to add more seats rather than removing one of the DPH seats; in agreement generally with the proposal; need to stagger seats since there is a learning curve for new members; some member positions may need to be different terms; 2 year terms is not very long – agree with longer terms and staggering-the process and length to be approved as a member takes many months; advocate for no time limit to membership seats; agreement that there is a steep learning curve and appreciates the discussion about payment for some members to participate—are there other models?; need to make sure that the right people are representing the community and that certain voices are kept on.</p> <p>Public comment: An option could be added to renew membership</p>	Post presentation to website
