6. Food Security Task Force Strategic Plan and work plan, Cissie Bonini (Chair, EatSF/Vouchers4Veggies), Paula Jones (DPH)

Cissie provided a summary of the strategic planning discussion on 1/29/21
Overall framework: Impact of COVID on strategies (pre-during-post) 2. ID of key strategic priorities advanced due to COVID-19 to retain and build upon. Call out flexibility in regulations and new interventions 1. Shared measurement, information & referral, adequate community resources, etc. 3. Covid Command and a need for centralized coordination around food security including dedicated resources to include community input 4. Sustainability: Re-authorize FSTF with changes (more discussion needed) 5. Pre-budget meetings with Supervisors.

Cissie proposed the following process: • Update FSTF 2020 recommendations (motion to approve plan to revise /make changes after public comment) • Meetings with Supervisors (Feb/March) • Present FSTF 2020 revised recommendations (include list of innovations/examples if possible) • Talking points (and/or slides) to include: Summarize key strategic priorities advanced due to COVID-19 to retain and build upon. Call out flexibility in regulations, new interventions, co-led by the community (continued need to reach-out to community regarding needs and gaps). Emphasize health & racial equity. • Gather feedback from Supervisors • Re-authorization of FSTF • Gather input from Supervisors and other key stakeholders • Discuss changes in strategic planning subcommittee; bring recommendations to Taskforce

Cissie reviewed the proposed changes to the 2020 recommendations. The following were comments on the information:
- It’s a good time to reach out to the supervisors
- Make sure to call out community engagement
