

# San Francisco Monthly STD Report

Data for June, 2011  
Report prepared July 19, 2011

Table 1. STDs among residents, June, 2011.

|                        | 2011  |       | 2010  |       |
|------------------------|-------|-------|-------|-------|
|                        | month | YTD   | month | YTD   |
| Gonorrhea              | 193   | 1,011 | 142   | 968   |
| Male rectal gonorrhea  | 51    | 266   | 34    | 256   |
| Chlamydia              | 387   | 2,277 | 407   | 2,294 |
| Male rectal chlamydia  | 87    | 475   | 83    | 429   |
| Syphilis (adult total) | 63    | 395   | 54    | 290   |
| Primary & secondary    | 36    | 196   | 24    | 129   |
| Early latent           | 22    | 142   | 22    | 120   |
| Unknown latent         | 0     | 0     | 0     | 0     |
| Late latent            | 5     | 57    | 8     | 41    |
| Neurosyphilis          | 0     | 7     | 1     | 2     |
| Congenital syphilis    | 0     | 0     | 0     | 0     |
| PID                    | 12    | 47    | 8     | 37    |

Figure 1. Monthly STD trends for San Francisco. Syphilis cases different scale.

Table 2. Selected STD cases and rates for San Francisco by age and race/ethnicity, 2011 through June only. Rates equal cases per 100,000 residents per year based on 2000 US Census data.

|                     | (All races) |         | Asian/PI |       | African American |         | Hispanic |         | White |       |
|---------------------|-------------|---------|----------|-------|------------------|---------|----------|---------|-------|-------|
|                     | cases       | rate    | cases    | rate  | cases            | rate    | cases    | rate    | cases | rate  |
| <i>All ages</i>     |             |         |          |       |                  |         |          |         |       |       |
| Chlamydia           | 2,277       | 586.3   | 287      | 227.4 | 440              | 1,373.5 | 361      | 659.3   | 669   | 394.8 |
| Gonorrhea           | 1,011       | 260.3   | 73       | 57.9  | 187              | 583.7   | 166      | 303.2   | 442   | 260.8 |
| Early syphilis      | 338         | 87.0    | 22       | 17.4  | 29               | 90.5    | 70       | 127.9   | 200   | 118.0 |
| <i>Under 20 yrs</i> |             |         |          |       |                  |         |          |         |       |       |
| Chlamydia           | 300         | 1,168.0 | 28       | 257.0 | 128              | 3,888.0 | 61       | 1,101.2 | 22    | 396.6 |
| Gonorrhea           | 50          | 194.7   | 3        | 27.5  | 29               | 880.9   | 10       | 180.5   | 3     | 54.1  |
| Early syphilis      | 1           | 3.9     | 0        | 0.0   | 1                | 30.4    | 0        | 0.0     | 0     | 0.0   |

Table 3. HIV testing among City Clinic patients, June, 2011.

|                     | 2011  |       | 2010  |       |
|---------------------|-------|-------|-------|-------|
|                     | month | YTD   | month | YTD   |
| Tests               | 369   | 2,435 | 415   | 2,081 |
| Antibody positive   | 3     | 29    | 10    | 48    |
| Acute HIV infection | 1     | 5     | 1     | 3     |

Note: All statistics are provisional until the annual report is released for the year. Morbidity is based on date of diagnosis. Totals for past months may change due to delays in reporting from labs and providers.

Figure 3. Average number of recent\* sex partners for City Clinic visits by gender and sexual orientation. \*Recall period is 3 months.

## Annual STD Update – October 13, 2011

San Francisco STD Prevention & Control will present STD Update 2011 at Carr Auditorium on the San Francisco General Hospital Campus on Thursday, October 13<sup>th</sup> 8 am-12 noon. Along with updates on local disease trends, the STD Update 2011 will also include a review of the recent changes to the gonorrhea treatment guidelines in addition to presentations on syphilis treatment and management of STD in adolescents. The STD Update is intended for clinicians, nurses, health workers and other staff involved with the clinical care of patients with STDs, but anyone with an interest in STDs is welcomed to attend. Registration is free and participants can earn up to 3.5 CME/CEU credits. Registration materials are available at City Clinic's website:

<http://www.sfcityclinic.org/providers/#Update>. For questions about the STD Update 2011 please contact [Ameera.Snell@sfdph.org](mailto:Ameera.Snell@sfdph.org).
