Order of Business:

1. **Call to Order / Roll Call** [discussion and action] 2 min.
   Meeting is called to order at 4:11pm
   Present: Vanessa, Shelley, John, Janna, Joi, Lauren Absent: Aaron

2. **Approval of May Meeting Minutes** [discussion and action] 2 min.
   John mover; Janna seconds. Motion passes unanimously.

3. **Approval of Agenda** [discussion and action] 1 min.
   Suggest moving evaluator and epidemiologist items to top of agenda.
   Vanessa moves; Shelley seconds; motion passes unanimously

4. **General Public Comment** 10 min. No public

5. **RFP Process Evaluation** [discussion and possible action] 15 min.
   a) Harder + Company updates
   Last time harder called in they discussed a two step process to collect community input on the RFP process. Today discuss first step of two step process; by reviewing the RFP Process Feedback Survey Draft.

   First step of the process: asking questions about whether or not orgs applied, why/why not; what worked well; clarity, transparency of RFP;

   Second step: plan to use existing coalition groups to collect qualitative data – to do focus group/town hall style input.

   Member suggests that maybe there are other key coalitions like Shape UP, Healthy Southeast, FSTF. Since there are now several RFPs coming out, this process may not work as the group had outlined.
Because there are 5 RFPs it’s too onerous to evaluate all. HC thinks makes sense to do the deeper eval for the smaller organizations. For food access, or school-based ones, focus on the survey; with focus on the first RFP to get deeper dive on the process and how it worked for smaller orgs. HC reviewed sections of survey: Awareness/Applying; Overall feedback; Application process; Application meeting; Support to applicants; Final feedback; Descriptives.

Feedback. Categories are good overall. Need numbers for each Q and page numbers. Eliminate 4th bullet of overall feedback section. Language is too jargon. All questions need to be simplified. Use specific language. Offer opp to provided comments on the information meeting. Like that there aren’t too many open ended sections. We’re hoping for more in depth feedback at coalition meetings. Provided some specific feedback that Harder will incorporate.

Harder to make it a google doc – make it read only to provide comments – DPH staff will forward to full committee for comments.

Distribution: ultimately, want to send it to all orgs that apply; and for those that attend/participate in the info sessions. Send out survey after deadline; collect info before grant awards made. Put on google doc; send out to whole committee for feedback by 6/21/19 date. Survey should be short. DPH will reconcile comments as needed and CI will review one final time at the meeting or online.

For outreach for the qualitative data about RFP process. Consider going to health equity coalitions: CLI, API Health Parity, Black/African American (who are they -who’s in the B/AA equity group – Vanessa will check what B/AA organizations are part of Joint Health Equity group). Food Security Task Force (August 7) before or after – Shelley to check with Paula; Shape Up SF – meeting is July 10 or October– may not work. Faith Based Coalition could be good opportunity; Healthy Southeast (August 15), Janna to request; Harder would want 30 minutes for the discussion.

In future, ask Harder and Co to come to Community Input meetings in person.

Michelle Kirian, SFDPH SDDT epidemiologist joined the meeting by phone (was unable to be there in person) to answer committee questions. Discussion about the process data collection; need SF specific data; disaggregating data for different groups. One issue is that API gets lumped together so doesn’t show specific health issues facing Pacific Islanders, like overweight/obesity. Also the API health parity coalition wants to lower the BMI level to screen for diabetes/obese for Asians. There has been push to screen at 23BMI – nationally. Would be helpful to go back to the API Health Parity Coalition.

DPH is usually getting secondary data, which means less control over how the data are collected. Sometimes DPH can disaggregate the data depending on source. As DPH collects data as part of this effort – we can document/collect more specific data; could possibly address request to have lower BMI screening levels for Asians.
Sometimes we can disaggregate data, but data become unstable. Then decision is how to handle the fallout: could show disaggregated data rather than only showing aggregated data. DPH worked with API community and is aware of the request to disaggregate. Are there opportunities to build off existing work. DPH had someone appointed to participate on the Pacific Islander task force – Michelle will see if she can determine who from DPH was working on that.

Ask that API health equity coalition present to full committee to ensure DPH/committee is mindful and can reflect what is happening in the community to the degree possible. Need SDDTAC report to show that there’s a much lower rate of o/o among API.

Industry saying taxes don’t work; how do we collect and present evidence that demonstrates impact of tax that is accurate. Issue of data quality – ask to have API Health Parity coalition present in August perhaps as a way to raise data quality issues.

There was another point about need for SF specific data. Are there specific data points we want more info on? Beverage pricing – how some items went up/didn’t. the data SDDTAC saw was preliminary will be updated in August data report. We need more info on pricing. There is a researcher that may delve into that. How do we know if it’s being implemented equally in stores throughout SF. Committee decided it didn’t want to fund research. So either need to fund researcher, or researchers need to find funds to collect specific pricing data from small stores.

### 7. House Keeping [discussion and possible action] 5 min.

a) Community Input Subcommittee Meeting Schedule

Reminder: new meeting schedule starts today: Community Input Subcommittee meetings will take place on the second Wednesday of the month from 4pm-6pm. Meetings will generally occur at TNDC meeting sites.

b) Community Input will vote today to decide if they will cancel the July Community Input Subcommittee Meeting (full SDDTAC July meeting has been canceled).

Committee will hold July meeting – time will shift slightly to accommodate Shape up SF Coalition meeting which is same day and ends at 4.

Motion made to hold July meeting, a little later. John Moved; Shelley Seconds, Motion passes unanimously.

c) Staff provided a google sheets link for members to begin tracking outreach efforts for feedback opportunities to San Francisco community based organizations/non-profits/faith based organizations.

d) SDDTAC Full Committee Meeting is next Wednesday June 19th at 25 Van Ness Rm 610.

e) Members requested update on Oral Health funds during May meeting. Item was added to SDDTAC June agenda.

Concern that funding is not going out on a timely basis- oral health, healthy retail to tndc, etc.
asked to add June SDDTAC agenda item about City’s accountability to SDDTAC process – item was added to CI committee update as “discussion and possible vote on system of accountability for SDDT funds”

7. Outreach Updates Regarding Coalition/Community Meetings [discussion and possible action] 30 min.
   a) Member report out on status of feedback opportunities
discussed Amor

   Members selected Eric Mar (Prop E), and since Sarah Fine has left the Bigger Picture want to have API Health Parity coalition present -specifically as it relates to data, so that can open up a bigger conversation about data needs - in addition to those specific to API population. Recommend Amor Santiago present.

9. Mayor Recommendations Update [discussion and possible action] 10 min.
   Discussed Mayors Budget recommendations. Controllers Office upped the estimate to $16M for 2019-20, which added about $700K. Mayors office made Rx for $11.1M dollars.

   Members discussed differences in the budgets – Mayor's office cut out media ($680,000); decreased community based grants by $265,000, did not increase DPH infrastructure budget by $200k; added $150K to peace parks, added new line for SVIP ($225k) and added $2M for RPD scholarships and recreation for low income and public housing youth.

   Members noted that they spend significant time working on the recommendations and that work is not acknowledged or respected when those recommendations are circumvented by city departments with representation on the committee. Ideally department would present their ideas to committee. Community has an expectation that the committee deliberated and took into account community testimony and input.

   Committee wants to put in writing its concerns – it was noted the committee will discuss a possible letter at full June meeting.

   Would like detail from RPD about those funds. Want to understand what RPD proposal to mayor’s office was.

   This item was not discussed.
   a) Reach out to community based organizations/nonprofits/faith based organizations (create a master list) to invite representatives to attend monthly subcommittee meetings, in addition to the full committee meetings.
- Members should be updating the document on a continuous basis

b) Develop Community Input Subcommittee Expert Speaker Wishlist

c) Create a plan for the $50,000 community engagement if approved (RFP; showcase/poster presentations, town halls, listening sessions, avenues for community input etc.)

1- Staff present conceptualized showcase draft

a) Members will decide if they will hold a subcommittee meeting in the month of July. Motion made to hold July meeting, a little later. John Moved; Shelley Seconds, Motion passes unanimously.

b) Location - TL area

13. Upcoming Meeting Agenda Items 5 min.
Discuss evaluation – rfp process survey with Harder Co
Discuss Framework for Accountability
Discuss accountability of city agencies to SDDTAC process
Community outreach funds
   - RFP showcase.

13. Adjournment Meeting

John moves to adjourn; Joi seconds; motion passes unanimously. adjourned at 6:16pm.

After the allocation of these funds by the Mayor and Board of Supervisors, $200,000 uncommitted revenue was available. The SDDTAC recommendations for expenditure of those funds is in the “Advisory Committee Recommendations” section.

For the Fiscal Year 2018/2019 the projected revenue is $11.6 million after the removal of mandated baseline spending. The Board of Supervisors have allocated $1.2 million of the projected revenue for Healthy Addbacks. After the removal of this allocated amount, there are $10.4 million of uncommitted revenue for the rest of that fiscal year.
