The Community Youth Center (CYC) was founded by concerned members of the Asian community as a response to an escalation in gang violence and crimes in San Francisco. Through their mission, which is "to empower youth to reach their highest potential as individuals and develop a positive self/cultural identity," CYC has been serving San Francisco with an extensive variety of development programs which focus on five major service areas: Education, Prevention, Crisis Intervention, Leadership Development, and Employment and Training.

Community Youth Center (CYC) will train at least 15 youth to present on DUI prevention and awareness. These youth will then conduct at least 10 presentations on DUI prevention at schools and community meetings. CYC will also develop a bilingual website on DUI prevention for the public and outreach materials to distribute at community events. Lastly, CYC will participate in at least two media campaigns to promote their DUI prevention efforts.

Funding for this program was provided by a grant from the California Office of Traffic Safety through the Business, Transportation and Housing Agency.
