Women's Health Center
San Francisco General Hospital
1001 Potrero, Unit 5M5
San Francisco, CA 94110
(415) 206-5390

The Women's Health Center (WHC) provides health and medical services to women, from adolescents to mature adults, who are culturally and linguistically diverse, low-income, often times recent immigrants and vastly medically indigent. These high risk and high need patients have few other alternatives for care. WHC is the ultimate safety net for the most marginalized women in San Francisco.

2006 Child Passenger Safety Project

Contact: Grace Yee
(415) 206-5390

Award Amount: $20,000
grace.yee@sfdph.org

Women's Health Center will conduct 14 child passenger safety workshops for patients, mothers, and other community members in the greater Mission area, which includes car seat distribution, and develop linguistically and culturally appropriate brochures and educational materials in Chinese, Spanish, as well as in English. WHC will recruit community members and professionals to serve in their CPS task force to assist in the guidance and to provide input in the community development process and cultural competencies. WHC will conduct at least two media campaigns promoting child passenger safety in San Francisco.

2007 Child Passenger Safety Project

Contact: Grace Yee
(415) 206-5390

Award Amount: $20,000
grace.yee@sfdph.org

The Women's Health Center will conduct 16 child passenger safety workshops for patients, mothers, and other community members, which includes car seat distribution, in Chinese, Spanish, as well as in English. The Women's Health Center will also conduct at least two media campaigns promoting child passenger safety in San Francisco, one of which will be in either Chinese or Spanish.

Funding for this program was provided by a grant from the California Office of Traffic Safety through the Business, Transportation and Housing Agency.
