XIX INTERNATIONAL AIDS CONFERENCE, July 22-27, 2012

A LISTING OF ACCEPTED ABSTRACTS, POSTERS & PRESENTATIONS FROM DPH STAFF

1. Coffin PO, Golden M, Harrison R, Scott JD, Swenson P.  

2. Coffin PO, Coffin LM, Fitzpatrick T, Murphy S.  
   Drug overdose, lay naloxone, and HIV risk behaviors among persons who inject drugs.  Poster.

   Utility of using HIV surveillance registry in San Francisco for re-engaging persons with high viral load in HIV care.

   Impact of syndemics on people living with HIV/AIDS in San Francisco.

   HIV testing history of drug treatment participants in the United States.

   From testing to treatment: using surveillance data to assess linkage-to-care for HIV-infected testing at community based organizations.

   New versus known: matching HIV surveillance records with test data from medical settings to check HIV diagnosis history and target linkage-to-care and partner notification resources.

8. Santos GM, Das M, Matheson T, DeMicco E, Vittinghoff E, Dille J, Colfax G.  
   Substance use and high-risk sexual behavior: dose-response associations among episodic and high-frequency substance-using men who have sex with men (SUMSM).

9. Santos GM, Das M, Matheson T, DeMicco E, Vittinghoff E, Dille J, Colfax G.  
   High-risk sexual behaviors associated with increasing combinations of polysubstances among substance-using men who have sex with men (SUMSM).

10. Wei C, Fuqua V, Colfax G, Raymond HF.  
    Reaching black men who have sex with men (MSM) in San Francisco: a comparison between time-location sampling and respondent-driven sampling.

    Linkage, Retention, ART Use and Viral Suppression in Four Large US Cities.

12. L Hsu, E Vittinghoff, S Scheer, S Schwartz.  

13. L Hsu, S Pipkin, C Chin, S Schwartz, S Scheer.  
    Using HIV/AIDS Surveillance data to evaluate if a HIV test-and-treat strategy leads to viral suppression.

    Utility of using HIV surveillance registry in San Francisco for re-engaging persons with high viral load in HIV care.

15. S Scheer, S Nakelsky, T Bingham, M Damesyn, D Sun, C-S Chin, A Buckman, KE Mark.  HIV incidence in California, United States, 2006-2009

Is age associated with unmet need for supportive services among HIV-infected patients receiving HIV care? Results from the Medical Monitoring Project, San Francisco, California, United States; 2007-2010

What drives the US and Peruvian HIV epidemics in men who have sex with men (MSM)?

Short message service (SMS)-testing based strategies to enhance HIV testing among men who have sex with men (MSM) in Lima, Peru

Willingness to use pre-exposure prophylaxis (PrEP) among men who have sex with men (MSM) at high-risk for HIV acquisition in Lima, Peru.
