An amount that is retained by the employer or that may be recovered by or returned to the employer shall not constitute a "health care expenditure." (2) That the design of the Covered San Francisco public benefit shall incentivize enrollment in Covered California health plans so as to maximize affordability for participants, taking into account both the individual share of premiums and other individual cost sharing under the terms of these plans.

(i) The Department of Public Health shall coordinate with Covered California and other state or federal agencies as appropriate to create mechanisms for the efficient coordination of Covered San Francisco benefits and to minimize the administrative burden placed on Covered San Francisco participants and on the City.

(kg) The Department of Public Health shall also be authorized to use payments made to the City by Covered employers to satisfy their Health Care Expenditure requirements as set forth in Section 14.3 to establish and maintain Health Care Access Reimbursement Accounts from which eligible Covered employees may obtain reimbursement of Health Care Expenditures in the amount and under the terms set by the Department of Public Health. Such Health Care Access Accounts shall be made available to Covered Employees who are not eligible for Healthy San Francisco or Covered San Francisco, including Medi-Cal enrollees and others as determined by the Department of Public Health.

(l) The Department of Public Health shall promulgate information about the Health Care Access Assistance Program and each of its components to maximize awareness of these public health benefits and to maximize enrollment in Covered California or other forms of health insurance.

(m) The Department of Public Health may coordinate with a third party vendor to administer program operations, including enrollment, tracking service utilization, billing, and communication with the participants.

If any covered employee fails to enroll in the Health Access Program or establish a reimbursement account with the Department of Public Health within a reasonable time, as determined by the Department of Public Health, the City may use the funds paid to the City and County of San Francisco on behalf of that employee for the benefit of the health care programs created by this Ordinance, but the City may not transfer these funds to the City's general fund.

SEC. 14.3. REQUIRED HEALTH CARE EXPENDITURES.

(a) Required Expenditures. Covered Employers shall make Required Health Care Expenditures to or on behalf of their Covered Employees each quarter. The Required Health Care Expenditure for a Covered Employer shall be calculated by multiplying the total number of hours paid for each of its Covered Employees during the quarter (including only hours starting on the first day of the calendar month following ninety (90) calendar days after a Covered Employee's date of hire) by the applicable Health Care Expenditure Rate. In determining whether a Covered Employer has made its Required Health Care Expenditures, payments to or on behalf of a Covered Employee shall not be considered if they exceed the following amount: the number of hours paid for the Covered Employee during the quarter multiplied by the applicable Health Care Expenditure Rate. The City's Office of Labor Standards Enforcement (OLSE) shall enforce the Health Care Expenditure requirements under this Section 14.3.
(b) Employer Notice to Employees.

(1) By December 1 of each year, OLSE shall publish and make available to Covered Employers, in all languages spoken by more than five percent of the San Francisco work force, a notice suitable for posting by Covered Employers in the workplace informing Covered Employees of their rights and the Covered Employer's obligations under the Ordinance.

(2) Every Covered Employer shall post in a conspicuous place at any workplace or job site where any Covered Employee works the notice published each year by OLSE. Every Covered Employer shall post such notices in English, Spanish, Chinese and any other language spoken by at least five percent of the Employees at the workplace or job site.

(c) Additional Employer Responsibilities. A Covered Employer shall: (i1) maintain accurate records of Health Care Expenditures, required Health Care Expenditures, and proof of such expenditures made each quarter each year, and allow OLSE reasonable access to such records, provided, however, that Covered Employers shall not be required to maintain such records in any particular form; and (i2) provide information to the OLSE, or the OLSE's designee, on an annual basis containing such other information as OLSE shall require, including information on the Employer's compliance with this Chapter, but OLSE may not require an Employer to provide information in violation of State or federal privacy laws. If a Covered Employer uses a health reimbursement account to satisfy its obligation to make health care expenditures for any of its Covered Employees, the Employer shall also report to OLSE the terms of such accounts, including what costs are eligible for reimbursement.

Where an Employer does not maintain or retain adequate records documenting the Health Care Expenditures made, or does not allow OLSE reasonable access to such records, it shall be presumed that the Employer did not make the Required Health Care Expenditures for the quarter for which records are lacking, absent clear and convincing
evidence otherwise. The Office of Treasurer and Tax Collector shall have the authority to
provide any and all nonfinancial information to OLSE necessary to fulfill OLSE’s
responsibilities as the enforcing agency under this Chapter. With regard to all such
information provided by the Office of Treasurer and Tax Collector, OLSE shall be subject to
the confidentiality provisions of Subsection (a) of Section 6.22-1 of the San Francisco
Business and Tax Regulations Code.

(d) If a Covered Employer imposes a surcharge on its customers to cover in whole or
in part the costs of the Health eCare eExpenditure requirement under this Chapter, the
Covered Employer shall provide to OLSE on an annual basis the amount collected during the
12-month reporting period from the surcharge for employee health care and the amount spent
on employee health care. If the amount collected from the surcharge is greater than the
amount spent on employee health care, the Covered Employer must irrevocably pay or
designate an amount equal to that difference for Health eCare eExpenditures for its Covered
Employees under this Chapter. OLSE may refer any potential cases of consumer fraud to
appropriate authorities.

SEC. 14.4. ADMINISTRATION AND ENFORCEMENT.

(a) The City shall develop and promulgate rules and regulations to govern the operation
of this Chapter. The regulations shall include specific rules by the Department of Public Health

Francisco, the Health Access Program and the establishment of Health Care Access reimbursement
accounts, and rules by the OLSE shall develop and promulgate rules and regulations for
enforcement of the obligations of the employers under this Chapter. The rules and regulations
shall also establish procedures for Covered Employers to maintain accurate records of
Health eCare eExpenditures and R-quired Health eCare eExpenditures and provide a report
to the OLSE City without requiring any disclosures of information that would violate State or
Federal privacy laws. The rules and regulations shall further establish procedures for providing
eEmployers notice that they may have violated this Chapter, a right to respond to the notice, a
procedure for notification of the final determination of a violation, and an appeal procedure
before a hearing officer appointed by the City Controller. The sole means of review of the
hearing officer's decision shall be by filing in the San Francisco Superior Court a petition for a
writ of mandate under Section 1094.5 of the California Code of Civil Procedure. No rules shall
be adopted finally until after a public hearing.

(b) During implementation of this Chapter and on an ongoing basis thereafter, The City shall
maintain an education and advice program to assist eEmployers with meeting the
requirements of this Chapter.

(c) Any eEmployer that reduces the number of employees below the number that
would have resulted in the eEmployer being considered a "Covered eEmployer," or below the
number that would have resulted in the eEmployer being considered a Medium-sized or
Large Business, shall demonstrate that such reduction was not done for the purpose of
avoiding the obligations of this Chapter or shall be in violation of this Chapter.

(d) It shall be unlawful for any eEmployer or Covered eEmployer to deprive or threaten
to deprive any person of employment, take or threaten to take any reprisal or retaliatory action
against any person, or directly or indirectly intimidate, threaten, coerce, command or influence
or attempt to intimidate, threaten, coerce, command or influence any person because such
person has cooperated or otherwise participated in an action to enforce, inquire about, or
inform others about the requirements of this Chapter. Taking adverse action against a person
within ninety (90) days of the person's exercise of rights protected under this Chapter shall
raise a rebuttable presumption of having done so in retaliation for the exercise of such rights.
