San Francisco Health Improvement Partnership: embraces collective impact to improve community health and wellness in San Francisco

Our **Vision, Values and Priorities** guide our work as we move forward building a healthier San Francisco. Join us!

Collective Impact Framework

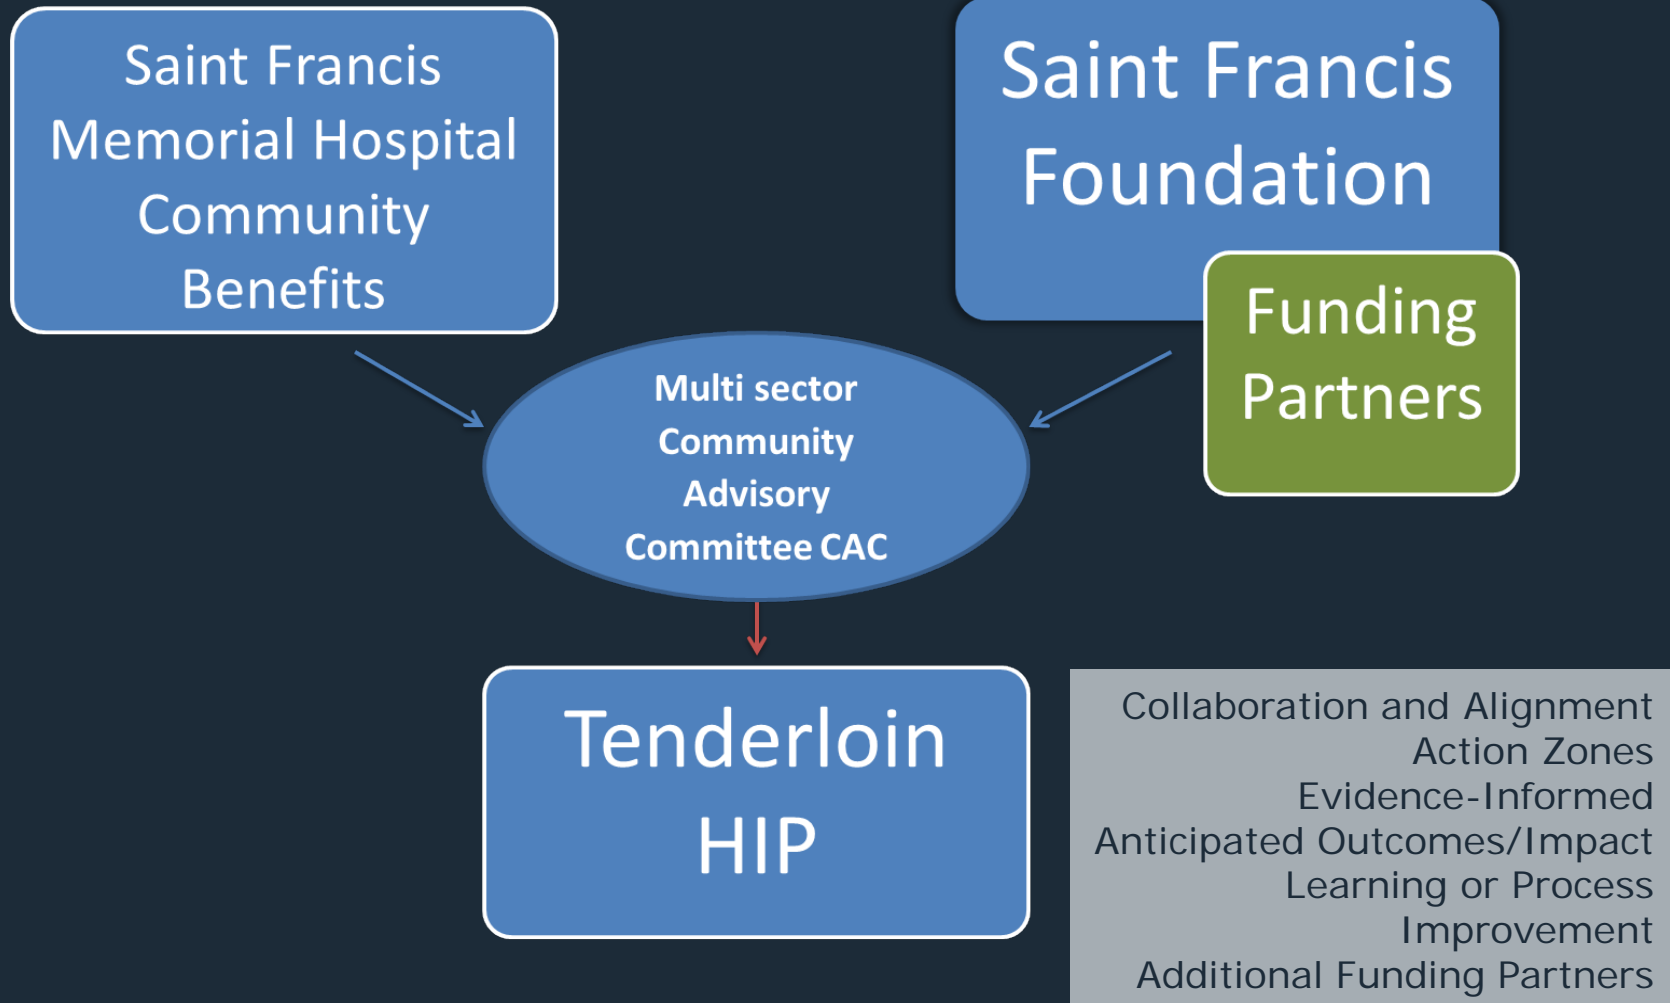

TLHIP Vision

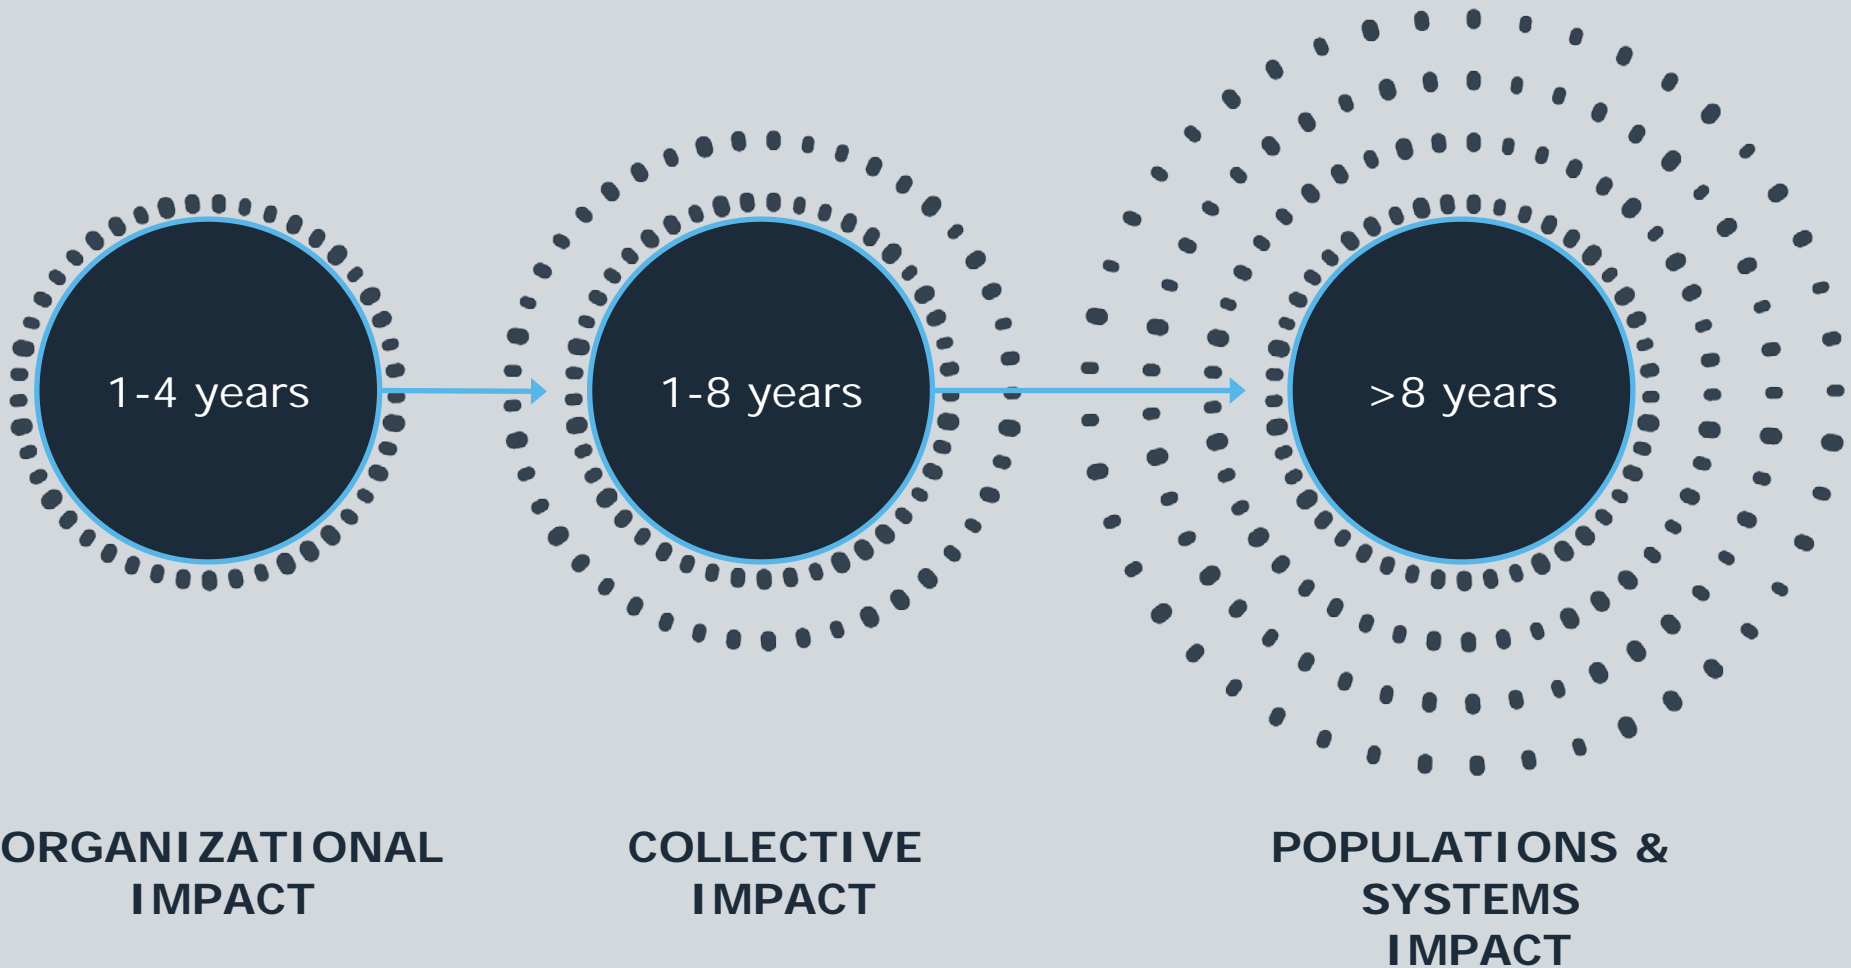

Tenderloin HIP challenges its non-profit, business, city agency and funding partners operating within a single neighborhood to work together for collective impact

Governance Structure

Timeframe for Impact

TLHIP

**PRIORITIES &
IMPLEMENTATION
STRATEGY**

TLHIP PRIORITIES

- Safety
- Community Connectedness
(creating better coordination and collaboration)
- Opportunities for Healthy Choices

To improve health outcomes and reduce the burden of disease.

TLHIP Implementation Strategy

- **Community Engagement and Neighborhood Voice**
Engage residents and strengthen the community fabric through connection, activation, and collaboration
- **Active, Vibrant, Safe, and Clean Shared Spaces**
Positively activate shared community spaces and ensure safe and clean streets
- **Behavioral Health**
Address issues and community trauma from behavioral health, addiction, and mental health
- **Resident Health**
Support access to healthcare, healthy food, and opportunities for physical activity

BRIGHT SPOTS

Our Partners Are

- Public Partners
- Private Partners
- Resident Partners

How We Partner

- Steering Committee
- Facilitate Community Issue-Oriented Ad Hoc and Ongoing Workshops
- Support organic, emergent community-led organizations/individuals

Boys and Girls Club of San Francisco

Boeddeker Park served 70,000 visitors, provided 3,400 hours of activities for the community, a partnership between Boys & Girls Club, YMCA, Safe Passage, San Francisco Police Department

Tenderloin Safe Passage

Tenderloin Safe Passage, co-funded with CPMC funding managed by the Office of Economic and Workforce Development (OEWD), stations captains daily for an hour and a half on seven of the highest-need corners, creating a safe corridor for an average of 650 school children per week.

De Marillac Academy and Golden Gate Safety Group

A grant to DeMarillac Academy helped expand the capacity and reach of the Golden Gate Safety Group, strengthen relationships and support positive activities like 4-Corner Friday. This effort has helped visibly change two blocks of Golden Gate and move negative and criminal activity out of the corridor.

IV Drug Use Task Force Facilitation

The Community Partnership for a Healthier Tenderloin is developing specific, fundable, tactical strategies and policy recommendations to create pathways for change around issues stemming from injection drug use in the Tenderloin.
