JAIL POPULATION FY 17-19

Total unique patients:
- FY17-18: 11,964
- FY18-19: 11,439

Incarcerations:
- FY17-18: 18,667
- FY18-19: 18,231

Percent Male:
- FY17-18: 85%
- FY18-19: 83%
Race/Ethnicity Booking Data FY19-20

- Black: 39%
- White: 29%
- Hispanic: 26%
- Asian or Pacific Islander: 6%
Percentage of B/AA: Jail vs Community

- B/AA Jail
- B/AA SF

Jail Count  vs  Goal Population

The Sequence of Events in the Criminal Justice System

CRIME
- Reported Crime

UNSOLVED OR NOT ARRESTED
- Investigation

RELEASED WITHOUT PROSECUTION
- Arrest
- Booking

CHARGES DROPPED OR DISMISSED
- Bail or Detention
- Preliminary Hearing
- Initial Appearance

FELONIES
- Pre-Trial Activities

MISDEMEANORS
- Guilty Plea
- Trial

PETTY OFFENSES
- Pre-Trial Activities
- Guilty Plea
- Trial

PROSECUTION AND PRE-TRIAL SERVICES
- CHARGE DISMISSED
- Reduction of Charge

ADJUDICATION
- Guilty Plea
- Trial
- Acquittal

SENTENCING & SANCTIONS
- Sentencing
- Revocation
- Fine

CORRECTIONS
- Penitentiary
- Jail
- Habeas Corpus
- Pardon and Clemency
- Capital Punishment

OUT OF SYSTEM

Adapted from the American Bar Association's "How Courts Work." This infographic outlines a general process that may vary per state.
10/2019 - SB 10 signed into law by Governor Jerry Brown and went into effect but currently has a stay
- Eliminates cash bail system for non-violent, non-serious and non-sex offenses as defined by 1270.1(a) PC
- Uses Public Safety Assessment (PSA) tool to determine appropriateness for release on own recognizances or under various levels of supervision
- PSA determines likelihood that defendant will show up for court.

2/20/20 - Court reviews PSA results done within 8 hours and has 18 hours to make final decision, can be extended for another 12 hours with law enforcement request (Buffin v SF)

4/6/20 - Zero dollar bail temporarily instituted for misdemeanors and non-violent felonies by state Judicial Council
Behavioral Health Population

Jail Count: 750 (5/20/20)

- Under BHS Care: 293 (39%)
- On Psychiatric Medications: 204 (27%)
- MHSF Priority: 72 (9.6%)
- Evaluated by HSH Coordinated Entry: 119 (6%)
- HSH High Priority Status 9 (7.6%)
COVID Readiness

- Decrease Population Density
  - Work with criminal justice partners to reduce jail population
  - Move incarcerated people to all available locations with single cell where possible

- Identify and Mitigate Risk
  - Offer testing to all people at booking
  - Use rapid testing to allow quick isolation
  - Designate isolation and quarantine housing
  - Cohort medically vulnerable
JHS/SFSO Partnership

- Staff and patient education
  - Hand washing, masking, distancing, symptoms
- Jail closed to all non-essential personnel
- Symptom screening and temp checks for all
- Masking requirement for all staff (JHS, SFSO) and incarcerated people
- Increased cadence of cleaning/sanitizing facilities
CJ

Isolation Housing†

Criteria
• Known COVID Positive
• Symptoms
• Exposure to COVID
• Hosp/ED Return

Gen Pop
Upper F*
(day 1-5)

On day

Upper E*
(day 6-14)

**If NP/MD removes from isolation before day 14, must still complete quarantine

Ad Seg or Gen Pop

Quarantine Housing

Criteria
• New Intake
• No symptoms
• No exposure

Gen Pop
Lower F (day 1-5)

On day

Lower E (day 6-14)

Ad Seg
Upper F*
(day 1-5)

On day

Upper E*
(day 6-14)

DAY 15: Move to Non-Quarantine Housing

5/29/2020
### Isolation Categories

<table>
<thead>
<tr>
<th>Category</th>
<th>Definition</th>
<th>Housing</th>
<th>Movement</th>
<th>Discontinuation of Isolation</th>
</tr>
</thead>
</table>
| Suspect or Positive Case Isolation | Symptoms and awaiting test/result or positive                             | Single, Solid door with port  | No Court, No Visiting. Shower alone, disinfect after Phone at cellside ok, disinfect after Walk alone  | If negative COVID test -> Other Respiratory Isolation  
If positive COVID test  
1. Liberalize movement with mask at day 10 (same as other resp iso)  
2. Release from iso after 14 days with 2 negative tests, 24 hours apart |
| Other Respiratory Isolation     | Neg COVID, continue iso to prevent spread of other resp virus             | Solid door with port or single celled | Court/Visiting/Phone with mask.  
Walk alone  
Staff wears Surgical Mask       | Symptoms improving and 7 days from symptom onset AND 72 hours fever free; shorter case by case.  
Lowest risk isolation (first to be moved out of isolation if there is a space crunch) |
| Exposure Isolation              | Asymptomatic, high-risk exposure to confirmed case or outbreak or Inpatient/PES/ED return | Solid door with port or single celled | Court/Visiting/Phone with mask  
Walk alone or in group of same  
Staff wears Surgical Mask      | 14 days if a new intake (even if test neg)  
3 days for hosp return  
Case by case if already incarcerated |

5/29/2020
County Jail 4 Closure

- CJ 2 – 345
- CJ 4 – 20 kitchen workers (with final closure TBD)
- CJ 5 – 676
  Total Capacity as of July 11, 2020 – 1041

- CJ2 Kitchen to be renovated prior to CJ4 closure
For current census of 140 patients:

- 5 FTE 2320 RNs
- 3 FTE 2312 LVNs
- 1 FTE 2328 NP
- 1 FTE 2930 BH Clinician
- 0.3 FTE 2210 Dentist
- 0.5 FTE 2202 Dental Assistant
Post-COVID Operations

- **BHS**
  - Augment Reentry Staffing for PEH
  - Enhance Group/Programming due to need for smaller groups

- **Redeployment of RNs**
  - Infection Control
  - Nursing Educator
  - Ongoing testing in CJ1
