

# FREE MEMORY SCREENING

**TIME:** Saturday, January 24, 2015, 9am-12pm

**PLACE:** Laguna Honda Hospital and Rehabilitation Center

**ROOM:** Outpatient Clinic Room

Memory screenings make sense for anyone concerned about memory loss or experiencing signs of dementia, whose family and friends have noticed changes in them, or who believe they are at risk due to a family history of Alzheimer's disease or a related illness.

On January 24, 2015, Laguna Honda Hospital and Rehabilitation Center and the Alzheimer's Foundation of America will be conducting free memory screenings for San Francisco Health Network patients, Laguna Honda community, and neighborhood community members. If you answer "yes" to any of the following questions, you might benefit from a memory screening:

- Are you becoming more forgetful?
- Do you have difficulty performing familiar tasks?
- Do you sometimes forget where you are going?
- Are you misplacing things more often?

**LAGUNA HONDA HOSPITAL AND REHABILITATION CENTER**  
375 Laguna Honda Blvd, San Francisco, CA 94102

*For more information about the free memory screening, please call (415) 759-2310.*
