Palliative Care Program

Joint Conference Committee
Health Commission
January 2016
Palliative Care:
Patient and family centered care that optimizes quality of life by anticipating, preventing and treating *suffering*. Palliative care occurs *throughout* the *continuum of illness*... and addresses physical, intellectual, emotional, social and spiritual needs and ...facilitates patient autonomy, access to information and choice.

CONTINUUM OF PALLIATIVE CARE

Continuum of care

Disease-modifying therapy
(curative, life prolonging, or palliative in intent)

Hospice

Bereavement care

Presentation/diagnosis

Symptom control, supportive care

Palliative care

Illness

Death

Bereavement

Emanuel, von Guten, Ferris, 1999

SOUTH 3 PALLIATIVE CARE PROGRAM DESCRIPTION

- Provides *specialized* palliative care (IOM, 2014) under the resident’s skilled nursing facility benefit

- Not licensed, certified as a hospice

- Does not accept Medicare/Medi-Cal hospice payment

- Residents must qualify for SNF care to be admitted to South 3 for palliative care

*Reference: Institute of Medicine (IOM): Dying in America: Improving Quality and Honoring Individual Preferences Near the End of Life (2014).*
"Laguna Honda is probably the best if not THE place in the country."

"all the things that you have, that you provide is just amazing".

"the heartfelt way (staff and volunteers) treat people, it makes all the difference in the world"

COMPONENTS OF S3 SPECIALTY PALLIATIVE CARE

- Focus on goals of care taking into account hopes & concerns of residents/family
- Symptom management
- Grief counseling and bereavement support for residents and survivors, e.g. condolence cards, community memorials, 8 weeks bereavement support group, and one to one counseling
- Unit chaplain for spiritual support
- Zen Hospice Project Volunteers
- Certified palliative and hospice physician, nurses, nursing assistants
- Professional support for staff regarding coping with loss and grief
- Celebrations of life, e.g. holiday parties, birthday celebrations, monthly happy hour, musical entertainment, garden and mural
COMMUNITY PARTNERSHIPS

• Zen Hospice Project Volunteers
• Threshold Choir
• Home Hospice Programs
• San Francisco Palliative Committee/ LTC Coordinating Council
• SFGH Supportive and Palliative Care Services
• UCSF School of Nursing Palliative Care Minor
FUTURE ISSUES AND PLANS

• End of Life Options Law Implications for LHH terminally ill residents able to self-administer lethal dose of medication to hasten death.

• Final ruling on Epple lawsuit for unrepresented residents (without surrogate decision maker or known advanced directives) could limit the role of the resident care teams in making end of life care decisions, e.g. code status.

• Support basic or palliative care (IOM, 2014) in all other LHH neighborhoods, so that residents can spend the last days of their lives on the units where they lived.
“How one dies remains in the memories of those who live on.”

Dame Cicely Saunders
