Mr. Grimes stated that the LHH Resident Counsel has been part of discussions of LHH COVID-19 related shelter in place activities. He noted that resident health and safety is the primary consideration when making determinations about sheltering-in-place policies and activities.

Commissioners Guillermo and Chow congratulated the LHH team for doing an effective job of protecting the LHH residents’ health during the COVID-19 pandemic.

Commissioner Chow noted that two LHH residents tested COVID-19 positive, then negative, and positive again. He asked the JCC to be updated on these cases.

Mr. Phillips noted that the length of time for receiving testing results has lengthened at the lab. For those residents coming from home with medications, LHH pharmacy staff verify the medications with the original distributing pharmacy. She added that LHH residents only receive medications from the LHH pharmacy.

Commissioner Chow asked how medication diversion incidents would be handled for review. Ms. Talai stated any events that are not specifically outlined in the Drug Diversion Reporting and Response policy would be reviewed through the Quality Management unusual occurrence process; this may also include the Drug Diversion Taskforce, which would be called to immediately review any incidents.
