DIVISION OF PULMONARY AND CRITICAL CARE MEDICINE
Zuckerberg San Francisco General Hospital and Trauma Center
1001 Potrero Avenue, Room 5K1
San Francisco, CA 94110

November 11, 2016

Dan Schwager, JD, M.Ed., CPMSM
Director, Medical Staff Services

Dear Dan,

I am writing to request deletion of the Waived Testing privilege (62.22) from the list of privileges for the Division of Pulmonary and Critical Care Medicine.

I have had two faculty meetings to discuss privileges and none of the faculty wishes to apply for this privilege. (The single pulmonary faculty member who does have this privilege requested it by mistake). We in Pulmonary/ICU medicine do not require this privilege. Furthermore, it engenders confusion in the faculty and they have requested deleting it.

I hope this is clear.

Best regards,

A handwritten signature in black ink, appearing to read "V. Courtney Broadus".
